## PATENT ASSIGNMENT

For good and valuable consideration, Oxford Instruments America, Inc., a Massachusetts corporation with a principal office located at Concord, Massachusetts (hereinafter referred to as "Assignor") hereby sells, assigns and transfers to Progression, Inc., a Delaware corporation with a principal office located at York Harbor, Maine (together with its successors, assigns and legal representatives, hereinafter referred to as "Assignee"), the entire right, title and interest, in and for the United States and all foreign countries, in and to any and all inventions which are disclosed in the patent registrations and/or applications set forth on Schedule 1 attached hereto (the "Patents").

Assignor hereby further grants to Assignee the entire right, title and interest in and to (i) the Patents and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions; and (ii) all original and reissued patents which have been or shall be filed in the United States and all foreign countries on said inventions.

Assignor agrees that Assignee may apply for and receive Letters Patent for said inventions in its own name.

Assignor agrees that, at the request of Assignee and, without charge to but at the expense of Assignee, Assignor will (i) carry out in good faith the intent and purpose of this Assignment; (ii) execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions; (iii) execute all rightful oaths, assignments, powers of attorney and other papers; (iv) communicate to Assignee, all facts known to the undersigned relating to said inventions and the history thereof; and (v) generally do everything reasonably possible which Assignee shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and for vesting title to said inventions, and all applications for patents and all patents on inventions in Assignee.

This Patent Assignment is delivered by Assignor to Assignee pursuant and subject to and in accordance with the terms and conditions of that certain Asset Purchase Agreement, dated as of October 2, 2002, between Assignor and Assignee pursuant to which Assignor agreed to sell, grant, assign, transfer, convey and deliver to Assignee all of Assignor's right, title and interest in, to and under the Patents.
