ASSIGNMENT

In consideration of One Dollar and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned have assigned and hereby assign to, Degelman Industries Ltd., having its principal offices and place of business at 272 Industrial Drive, Regina, Saskatchewan Canada S4P 3B1, its successors, assigns and legal representatives (hereinafter called "said assignee") the entire right, title and interest in the invention or improvements of the undersigned disclosed in applications for United States Patent and foreign letters patent, entitled:

SEALING DOOR FOR A RAIL CAR

for which patent applications (provisional or non-provisional) have been executed for a United States Patent and foreign letters as follows:

US App. No. 09/828,485 filed April 9, 2001;
CA App. No. 2,319,923 filed September 15, 2000 and
MX App. No. PA/a/2001/009207 filed September 12, 2001

and in said applications and any and all other applications for United States Patent or foreign letters patent, which the undersigned may file, either solely or jointly with others, on said invention or improvements, and in any and all United States Patents or foreign letters patent, which may be obtained on any of said applications, and in any reissue, reexamination or extension thereof.

For said consideration, the undersigned hereby agree upon the request and at the expense of said assignee or its assignees, to execute any divisional, continuation, continuation-in-part or substitute application for said invention or improvements, and any oath or affidavit relating thereto, and any application for the reissue, reexamination or extension of any Patent that may be granted upon said application, and, in the event of any application or Patent assigned herein becoming involved in Interference, to co-operate to the best of the ability of the undersigned in the matters of preparing and executing the preliminary statement and giving and producing evidence in support thereof. The undersigned agree to perform, upon request, any affirmative acts to obtain said Patents and vest in said assignee and its assignees all rights therein, whereby said Patents will be held and enjoyed by said assignee and its assignees, to the full end of the term for which said Patents may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned if this assignment had not been made.

And for said consideration, the undersigned hereby assign to said assignee the entire right, title and interest in said invention or improvements for all foreign countries, including all priority rights under the International Convention, and agree to execute, at the request of said assignee or its assignees, all documents in connection with any application for foreign letters patent therefor.
