### ASSIGNMENT AND AGREEMENT

FOR VALUE RECEIVED, David A. Drake hereby sells, assigns and transfers to:

POINTSOURCE TECHNOLOGIES, LLC, a California limited liability company  
having a place of business at 2434 Vineyard Avenue, Suite 100, Escondido, CA 92029.

as assignee, and its successors, assigns and legal representatives, the entire right, title and interest,  
for all countries, in and to the inventions entitled:

#### DETECTION OF SCATTERED LIGHT FROM PARTICLES

and to the corresponding application for Letters Patent of the United States, Serial No. 60/372,684, filed  
April 12, 2002, and the rights and privileges under any and all Letters Patent that may be granted  
therefor.

I request that any and all patents for said inventions be issued to said assignee, its successors,  
assigns and legal representatives, or to such nominees as it may designate.

I agree that, when requested, I will, without charge to said assignee but at its expense, sign all  
papers, take all rightful oaths, and do all acts which may be necessary, desirable, or convenient for  
securing and maintaining patents for said inventions in any and all countries and for vesting title thereto  
in said assignee, its successors, assigns and legal representatives or nominees.

I authorize and empower the said assignee, its successors, assigns and legal representatives  
or nominees, to invoke and claim for any application for patent or other form of protection for said  
inventions filed by it or them, the benefit of the right of priority provided by the International Convention  
for the Protection of Industrial Property, as amended, or by any convention which may henceforth be  
substituted for it, and to invoke and claim such right of priority without further written or oral authorization  
from me.

I hereby consent that a copy of this assignment shall be deemed a full legal and formal  
equivalent of any assignment, consent to file or like document which may be required in any country  
for any purpose and more particularly in proof of the right of said assignee or nominee to claim the  
aforesaid benefit of the right of priority provided by the International Convention for the Protection of  
Industrial Property, as amended, or by any convention which may henceforth be substituted for it.

I covenant with said assignee, its successors, assigns and legal representatives, that the rights  
and property herein conveyed are free and clear of any encumbrance, and that I have full right to convey  
the same as herein expressed.

Signed at Escondido, California this 14 day of OCT, 2002.
