## ASSIGNMENT

WHEREAS, William R. Collins of 2715 Doughton Street South, Salem, OR 97302 is an Inventor and Owner of rights in an invention or discovery entitled "Putting Aid", including but not limited to that which has been described and claimed in United States Provisional Patent Application No. \_\_\_\_\_, filed on \_\_\_\_\_, 2002 with Express Mail number EL730544226US; and

WHEREAS, tool., Inc., (tool), of 80 Washington Street, Marblehead, MA 01945, is desirous of acquiring all his rights, title and interest in said invention or discovery:

NOW, THEREFORE, in return for good and valuable consideration, receipt of which is hereby acknowledged, I by these presents do sell, assign, and transfer unto tool all my rights, title and interest in and to the following: (1) said invention or discovery as described in said application and any subsequent applications claiming priority to said application, (2) said application, (3) any letters Patent issuing from said application and (4) all intellectual property (including patent rights, trade secrets and copyrights) in or to said invention or discovery. Said assignment is without any geographic limitation and shall include the United States of America and all foreign countries. All my rights, title and interest in said invention or discovery, said application, any Letters Patent issuing from said application and said intellectual property are to be held and enjoyed by tool, for its own use and behalf, and for that of its legal representatives and assigns, as fully and entirely as the same would have been held by me had this assignment and sale not been made. tool shall be free to assign, license or otherwise exploit said invention or discovery, said application, any Letters Patent issuing from said application, and said intellectual property.

AND I do further agree to sign all papers, make all rightful oaths and do all requisite acts for the filing of any disclaimer or for the filing and assignment of any other application (including divisional, continuing, reissue and foreign applications) based on the present application or said invention or discovery. Any such other application is deemed to be part of the above assignment.

AND I do further agree to communicate to tool, its successors, assigns or other legal representatives, such facts relating to said invention as may be known to me, and to testify as to such facts in any prosecution, interference or litigation.
