## ASSIGNMENT

WHEREAS, I, Mario Siokola, residing at A/1040 Vienna, Paulanergasse 16/8, Austria, ("the ASSIGNOR"), have invented WIRELESS TRANSMITTER FOR ATTACHMENT TO A MICRPOHONE, for which I filed an application for Letters Patent of the United States Application Serial No. 29/156,800, filed March 8, 2002, which has now issued as Design Patent No. D461,176 on August 6, 2002, and of which inventions and improvements I am the sole owner; and

WHEREAS, AKG Acoustics GmbH, an Austrian corporation, having a place of business at Lembockgasse 21-25, A-1230 Vienna, Austria, ("the ASSIGNEE"), desires to acquire the entire right, title and interest in and to the invention, application and ultimately issued Patents;

NOW, THEREFORE, for and in consideration of the sum of Ten Dollars (\$10.00) by the ASSIGNEE to me paid, and other valuable consideration, the receipt and legal sufficiency of all of which is hereby acknowledged, I, the ASSIGNOR, have sold and do hereby sell, assign, transfer and set over unto the ASSIGNEE, its successors and assigns, the entire right, title and interest in and to the inventions and any and all improvements thereon, in and to the application for Patent thereon, in and to applications pertaining to or based upon the inventions and applications, including divisional and continuing applications and continuations-in-part, and in and to any and all Patents that may be granted and issued on the inventions and applications, or any of them, not only for, to and in the United States of America, its territories and possessions, but for, to and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

And for the above-named considerations, I do hereby agree that I will, at the request of the ASSIGNEE, execute any and all applications for Patent for the inventions and any and all other papers and documents and do all other and further lawful acts that the ASSIGNEE may deem necessary or desirable to obtain Patent on the inventions, to secure the grant of such Patent and to perfect and vest in the ASSIGNEE the entire right, title and interest in the inventions, applications and Patents.

And for the above-named considerations, I do hereby authorize and empower the ASSIGNEE, its successors and assigns, to apply for and obtain, in its or their own names, Patents for the inventions before competent International Authorities and in any and all countries foreign to the United States in which applications for Patent can be so made or Patent so obtained.

Dated: Wien, am 16.10.2002
