ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

PARAMARK, INC.
to
IQ ACQUISITION CORPORATION

WHEREAS, PARAMARK, INC., a corporation of the State of Delaware, having a place of business at 1270 Oakmead Parkway, Suite 214, Sunnyvale, California 94086 (hereinafter termed "Assignor") is the owner by assignment of the entire right, title and interest in and to certain United States Patent Applications, International Patent Applications, and Foreign Patent Applications (all collectively hereinafter termed "Patent Applications") disclosing and identifying the inventions, all of those which have been filed to date which are identified on **SCHEDULE A** attached hereto, together with the inventions disclosed therein, and to any corresponding international and/or foreign applications whether presently filed or to be filed in the future; and

WHEREAS, IQ ACQUISITION CORPORATION, a corporation of the State of Delaware, having a place of business at 12950 Saratoga Avenue, Saratoga, California 95070, (hereinafter termed "Assignee"), is desirous of acquiring the entire right, title and interest in and to said United States Patent Applications, International Patent Applications, and Foreign Patent Applications, and to the inventions disclosed therein, and in and to all embodiments of the inventions, heretofore conceived, made or discovered by said Inventor (all collectively hereinafter termed "said invention"), and in and to any and all patents, inventor's certificates, and other forms of protection (hereinafter termed "patents") thereon granted in the United States, internationally, and in foreign countries.

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by said Assignor to have been received in full from said Assignee:

1. Said Assignor does hereby sell, assign, transfer and convey unto said Assignee, the entire right, title and interest in and to said patent applications, to said inventions, and to any patents issuing from said patent applications for the whole of the United States, internationally,

and for each and every foreign country, including: (a) in and to said applications and said inventions; (b) in and to all rights to apply for international and foreign patents on said inventions pursuant to the International Convention for the Protection of Industrial Property or otherwise; (c) in and to any and all applications filed and any and all patents granted on said inventions in the United States, internationally, or in any foreign country, including each and every application filed and each and every patent granted on any application which is a division, substitution, or continuation of any of said applications; (d) in and to each and every reissue or extensions of any of said patents; (e) the right to enforce the same for past and future infringements, and (f) the right to collect all remuneration for past and future infringements, whether by settlement, adjudication, or otherwise.

2. Said Assignor covenants and agrees to cooperate with said Assignee to enable said Assignee to enjoy to the fullest extent the right title and interest herein conveyed in the United States, internationally, and in foreign countries. Such cooperation shall include prompt production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations, or other papers, and other assistance all to the extent deemed necessary or desirable by said Assignee (a) for perfecting in said Assignee the right, title and interest herein conveyed; (b) for prosecuting any of said applications; (c) for filing and prosecuting substitute, divisional, continuation, continuation-in-part, continuing or additional applications covering said inventions; (d) for filing and prosecuting applications for reissuance of any said patents; (e) for interference or other priority proceedings involving said patents, patent applications, or inventions; and (f) for legal proceedings involving said inventions and any applications therefor and any patents granted thereon, including without limitation opposition proceedings, cancellation proceedings, priority contests, public use proceedings, infringement actions and court actions; provided, however, that the expense incurred by Assignor in providing such cooperation shall be paid for by said Assignee unless payment is otherwise separately provided for.

3. The terms and covenants of this assignment shall inure to the benefit of said Assignee, its successors, assigns and other legal representatives, and shall be binding upon said Inventor and its legal representatives and assigns.

4. Said Assignor hereby warrants and represents that it has not entered and will not enter into any assignment, contract, or understanding in conflict herewith.
