ASSIGNMENT OF PATENTS AND PATENT APPLICATIONS

KNOW ALL PERSONS BY THESE PRESENTS, that **TPI Composites Inc.**, a corporation organized and existing under the laws of the State of Delaware and having a place of business at 373 Market Street, Warren, Rhode Island 02885 (the "Assignor") and **SwimEx, Inc.**, a corporation organized and existing under the laws of the state of Rhode Island and having a place of business at 373 Market Street, Warren, Rhode Island 02885 (the "Assignee") have entered into an Asset Purchase Agreement, dated as of November 2, 2002, pursuant to which Assignor agreed to sell and Assignee agreed to buy all of the Assets of Assignor that are owned, used or held for use by TPI exclusively in connection with the SwimEx Business, including the patents and patent applications set forth on Exhibit A attached hereto and made a part hereof. (The aforementioned Asset Purchase Agreement is hereinafter referred to as the "Agreement.") Except as otherwise stated herein, all capitalized terms used herein shall have the same meaning as set forth in the Agreement.

WITNESSETH:

WHEREAS, in accordance with the said Agreement, Assignor has simultaneously herewith by bills of sale, assignments and other instruments of transfer and conveyance of even date vested in Assignee all of Assignor's right, title and interest in the SwimEx Assets effective as of Closing Date as provided in the Agreement; and

WHEREAS, Assignor has adopted, used and is the owner of the patents which are pending and registered in the United States and elsewhere in the world as listed on Exhibit A; and

WHEREAS, Assignee is desirous of acquiring the entire right, title and interest in said pending and registered patents and the issued letters patent thereof; and

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, transfer and set over unto Assignee all of its right, title and interest in and to the patents and patent applications listed in Exhibit A, including, without limiting the generality of the foregoing, the right of priority to file corresponding applications in any and all countries; the patents to be held by Assignee for its own use and enjoyment and for the use and enjoyment of its successors and assigns as fully and entirely as they would have been held and enjoyed by Assignor had such assignment not been made.

Assignor hereby authorizes and requests the duly authorized officials of any jurisdiction to take such action as may be required to give effect to the sale, assignment and transfer made herein, including the issuance of any patents on Exhibit A to Assignee, its successors and assigns; and Assignor further agrees, at no additional cost or expense to Assignee, to do all things as Assignee may reasonably request to effectuate such sale, assignment and transfer in respect to each such patent and patent application at no out-of-pocket expense to Assignor.
