ASSIGNMENT

WHEREAS, Very Inventive Physicians, Inc. (hereinafter "Company" or "Assignor"), an Arizona Corporation, having a principal place of business at 8005 S. Kolb Road, Tucson, Arizona 85706, owns rights to the above-identified invention having previously acquired such rights from Inventors/Assignees.

WHEREAS, I/we, the undersigned, Dr. William P. Coleman, III and Ren-Yeu Tsai are desirous of reacquiring those certain rights thereunder previously assigned to Assignor;

NOW, THEREFORE, for one dollar and other good and valuable considerations, the receipt of all of which is hereby acknowledged, the undersigned Assignor does:

Hereby sell, assign, and transfer unto said Assignee the entire right, title and interest in and throughout the United States of America (including its possessions and dependencies), and all countries foreign thereto, in and to said invention, said application and any and all patents (including reissues and extensions thereof), of any country, which have been or may be granted on said invention or any part thereof, or on said application or any divisional, substitute, continuation-in-whole or in-part, renewal, reissue or other patent application based thereon, or based upon said invention, together with the right in said Assignee to apply for any such patent in its own name in all countries of the world where such is permissible by law, and the right to claim the benefit of the priority right provided by the International Convention of 1883, as amended to date, and any other such priority right: TO BE HELD AND ENJOYED by said Assignee, its successors and assigns, to the full ends of the respective terms for which said patents or any of them have been or may be granted as fully and entirely as the same would have been held and enjoyed by the undersigned had no sale and assignment of said interest been made;
