ASSIGNMENT OF PATENT RIGHTS

PlaceLinks, Inc. (the "Company"), a **Massachusetts corporation** having a principal place of business at **868 Worcester Street, 2nd Fl., Wellesley, MA 02482-3707 USA**, being Assignee of patent applications listed in Schedule A attached hereto and the inventions described therein (collectively the "Patent Applications"), for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged from **Christopher J. Sole**, an **individual of 127 Dickerman Road, Newton, MA 02461 USA**, and hereinafter referred to as the Assignee (which term shall include his successors and assigns), does hereby sell, assign and transfer to the Assignee, Company's entire right, title, and interest, throughout the United States of America (including its territories and dependencies) and all countries foreign thereto, in and to and under said Patent Applications (which term shall include hereinafter where the context so admits all divisional, continuing, reissue and other patent applications based thereon) and all inventions (which term shall include each and every such invention, or any part thereof) therein described, and any and all patents and like rights of exclusion (including extensions thereof) of any country which may be granted on or for said inventions or on said Patent Applications.

And for the same consideration, Company does also hereby sell, assign and transfer unto the Assignee all of its rights under the International Convention for the Protection of Industrial Property, the Patent Cooperation Treaty and all other treaties of like purpose in respect of said inventions and said Patent Applications, and Company does hereby authorize the Assignee to apply in its name or under the name of its designee, for patents and like rights of exclusion on or for said inventions in all countries, claiming (if the Assignee so desires) the priority of the filing date of said Patent Applications under the provisions of said Convention, Treaty or any such other Convention or Treaty;

And for the same consideration, Company does hereby jointly and severally agree that Company, including its officers, directors, and administrators, will promptly upon request of the Assignee, execute and deliver without further compensation any power of attorney, assignment, original, divisional, continuing, reissue or other application or applications for patent or patents or like rights of exclusion of any country, or other lawful documents and any further assurances that may be deemed necessary or desirable by the Assignee fully to secure to it said right, title, and interest as aforesaid in and to said inventions, applications, and said several patents and like rights of exclusion, or any of them, all, however, at the expense of the Assignee;

And Company does hereby authorize and request the Commissioner of Patents and Trademarks of the United States of America and the corresponding Official of each country foreign thereto to issue to the Assignee any and all patents and like rights of exclusion which may be granted in any country upon said Patent Applications or on or for said inventions;

And Company does hereby jointly and severally covenant for itself and its respective legal representatives and agree with the Assignee that Company has granted no right or license to make, use or sell said inventions to anyone except the Assignee, that prior to the execution of this deed my right, title and interest in and to said inventions has not been otherwise encumbered by Company, and that Company has not executed and will not execute any instrument in conflict herewith.

IN WITNESS WHEREOF, I hereunto set my hand and seal on the day and year hereinafter noted.
