(I hereby authorize the attorneys of PATE PIERCE & BAIRD to insert said serial number and filing date when known.)

The Assignee, Quixemble, Inc., a corporation organized and existing under the laws of the state of Utah and having a principal place of business at 486 East Southfield Road, Spanish Fork, Utah, desires to secure the entire right, title and interest in said invention.

In consideration of \$1.00 and other good and valuable consideration paid to us by the Assignee, the receipt and sufficiency of which I hereby acknowledge, I HEREBY ASSIGN TO THE ASSIGNEE:

The entire right, title and interest in said invention, in the above-identified United States provisional patent applications and United States utility patent application and in all divisions, continuations and continuations-in-part of said applications, all later filed applications for claiming priority to said applications, all reissues or extensions of Letters Patent or Patents granted thereon, and in all corresponding applications filed in countries foreign to the United States, and in all patents issuing thereon in the United States and foreign countries.

The right to file foreign patent applications on said invention in its own name, wherever such right may be legally exercised, including the right to claim the benefits of the International Convention for such applications.

I hereby authorize and request the United States Commissioner of Patents and Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the owner of the entire interest, for the sole use and benefit of the said Assignee, its successors, assigns and legal representatives.
