Assignment

I/we the undersigned ⁸Christopher Fuchs, Manfred Plischke herewith declare that I am the sole inventor/we are the joint inventors of the invention entitled High liquid suction absorbent structures with permanently hydrophilic meltblown non-woven wrap sheet with small diameter fibers for which the first patent and/or utility model application was filed in EPO on April 22, 1998 under number 98107288.7 (the hereinafter named assignee being hereby authorized to insert said application number and filing date when known) and that I/we do hereby assign to The Procter & Gamble Company, One Procter & Gamble Plaza, Cincinnati, OHIO 45202, U.S.A., the entire right to said invention and from the said application in all countries of the world as fully and completely as if it would have been held by me/us had this assignment not been made.

The said entire right shall belong irrevocably to said Company. If, however, I/we should hereafter be requested by said Company to execute another assignment for this application or an equivalent application in another country on said invention to The Procter & Gamble Company in Cincinnati, Ohio, U.S.A., or a third party, the right of the company first mentioned shall automatically revert to me/us, upon the execution of said additional assignment, to be transferred to the said second assignee by my/our assignment, but not otherwise.

I/we further agree upon request, without additional compensation but at no expense to myself/ourselves, to execute or assent to patent and/or utility model applications, and to execute assignments to patent and/or utility model applications, and to execute assignments thereof and such other legal documents as may be necessary or desirable in view of the present Assignment as the Procter & Gamble Company, its legal representatives, successors, and assigns, may direct.

By virtue of this Assignment the entire rights, title and interest in and to said invention are assigned and transferred, and The Procter & Gamble Company, One Procter & Gamble Plaza, Cincinnati, OHIO 45202, U.S.A., its assignees or successors are fully entitled to apply for and obtain invention protection in the whole world, and to claim therefore the right of priority of this first filed application and/or utility model in accordance with International Conventions, and to receive any Letters Patent that may issue thereon.

This Assignment shall be effective from the filing date indicated **PATENT**
