*RELEASE AND REASSIGNMENT*

*OF*

*PATENTS and PATENT APPLICATIONS*

*AS SECURITY*

WHEREAS, Marson Creative Fastener, Inc., a Delaware corporation (the "Company"), owns the patents and patent applications described in the attached Schedule A (the "Patents") for which there are recordings in the United States Patent and Trademark Office under the numbers set forth in the attached Schedule A and the patent license agreements also described in the attached Schedule A; and

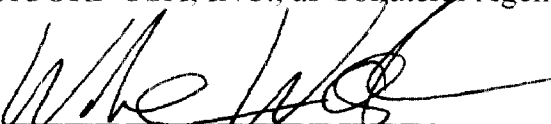

WHEREAS, pursuant to that certain Patent Security Agreement dated as of April 20, 1999 (the "Agreement") the Company granted a security interest in, among other things, patents and patent applications, and the inventions and improvements described and claimed therein, including, without limitation, the Patents to secure the payment and performance by the Company of certain of its obligations; and

WHEREAS, the Agreement was recorded in the Assignment Branch, United States Patent and Trademark Office on May 25, 1999 located on Reel 9980 Frame 761.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, the Collateral Agent does hereby terminate its security interest in, as and by way of a first mortgage and security interest having priority over all other security interests, with power of sale to the extent permitted by applicable law, and does reassign and reconvey to the Company, patents and patent applications, and the inventions and improvements described and claimed therein, including, without limitation, the Patents and (a) the reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (b) all income, royalties, damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, payments under all licenses entered into in connection therewith and damages and payments for past or future infringements thereof, (c) the right to sue for past, present and future infringements thereof, (d) all of the Company's rights corresponding thereto throughout the world, and (e) rights under or interest in any patent license agreements with any other party, whether the Company is a licensee or licensor under any such license agreement, and the right to prepare for sale and sell any and all inventory now or hereafter owned by the Company and now or hereafter covered by such licenses, all to the extent permitted by and subject to the terms contained in any such written license agreements.
