# ASSIGNMENT

In consideration of good and valuable consideration, the receipt of which is hereby acknowledged, the undersigned, Intel Corporation ("Assignor"), a corporation of the state of Delaware, having a principal place of business at 2200 Mission College Boulevard, Santa Clara, California 95052, hereby sells, assigns, and transfers to Ovonyx, Inc., a corporation of the state of Nevada, having a principal place of business at 1090 Boeing Street, Boise, Idaho 83705 ("Assignee"), and its successors, assigns, and legal representatives, the entire right, title and interest for the United States, in and to any and all improvements that are disclosed in the United States patent application listed in Exhibit A ("Applications") annexed hereto;

And in and to the Applications and all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions, and all other patent applications that have been or shall be filed in the United States on any of said improvements; and in and to all original patents, reissued patents, reexamination certificates, and extensions, that have been or shall be issued in the United States on said improvements; and in and to all rights of priority resulting from the filing of the Applications; and in and to all claims for damages by reason of past infringement of any patents that have been or shall be issued in the United States on said improvements, with the right to sue for, and collect the same for the Assignee's own use and behalf, and for the use and behalf of the Assignee's successors, assigns or other legal representatives.

Assignor agrees that the Assignee may apply for and receive a patent or patents for said improvements in its own name; and that, when requested, without charge to, but at the expense of, the Assignee, its successors, assigns, and legal representatives, to carry out in good faith the intent and purpose of this Assignment, Assignor will execute all divisional applications, continuation applications, continued prosecution applications, continuation-in-part applications, substitute applications, renewal applications, reissue applications, reexaminations, extensions and all other patent applications on any and all said improvements; execute all rightful oaths, assignments, powers of attorney, and other papers; communicate to the Assignee, its successors, assigns, and representatives all facts known to the undersigned relating to said improvements and the history thereof; and generally assist the Assignee, its successors, assigns, or representatives in securing and maintaining proper patent protection for said improvements and for vesting title to said improvements, and all applications for patents and all patents on said improvements, in the Assignee, its successors, assigns, and legal representatives; and

Covenant with the Assignee, its successors, assigns, and legal representatives that no assignment, grant, mortgage, license, or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned other than those set out in the Intel-Ovonyx Collaboration and License Agreement, effective as of February 4, 2000, that was

subsequently amended in Amendment 2, effective as of January 31, 2002, and that full right to convey the same as herein expressed is possessed by the undersigned.

INTEL CORPORATION
