WHEREAS, LITELAB CORPORATION, a New York corporation, of 251 Elm Street, Buffalo, New York 14203-1675, is desirous of acquiring an interest in the said invention and application, and in any Letters Patent that may be granted therefor:

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00), and other good and valuable consideration to us in hand paid, the receipt whereof is hereby acknowledged, I have assigned, sold and set over, and do hereby assign, sell and set over, unto the said LITELAB CORPORATION, the full and exclusive right, title and interest in and to the said invention and application for the United States and all foreign countries, as fully set forth and described in the specification prepared and executed by me on the 20<sup>th</sup> day of December, 2002, preparatory to obtaining Letters Patent therefor; said invention, application and any Letters Patent to be held and enjoyed by the said LITELAB CORPORATION; for its own use and behoof, and for its successors and assigns, to the full end of the term for which any Letters Patent may be granted, as fully and entirely as the same would have been held by me had this assignment not been made.

AND I do hereby authorize and request the Commissioner of Patents and Trade-marks to issue the said Letters Patent to the said LITELAB CORPORATION, as the assignee of the entire right, title and interest thereto.

AND I agree to sign and properly execute such necessary and lawful papers for filing continuations and divisions of said application for patent, for interference or proceedings, and for obtaining any reissue or reissues of any Letters Patent that may be granted for our aforesaid invention, as the assignee thereof shall hereafter require and prepare at its own expense.

AND I do further understand that in executing this document, I am transferring my entire interest in and to said invention and application(s) to the assignee hereof, and that the attorney(s) that I have appointed in said application(s) also represent the assignee and any co-inventor(s) identified in said application(s). I consent to such multiple representation
