ASSIGNMENT

The parties agree as follows:

1. Norman S. McMorrow of Portland, County of Multnomah, State of Oregon, hereby agrees and confirms that he is one of two inventors of a certain invention, entitled DIELECTRIC LOSS COMPENSATION METHODS AND APPARATUS, the other inventor being Robert C. Hinz, Jr., for which U.S. Provisional Patent Application No. 60/352,618 was filed on January 28, 2002, and U.S. Patent Application No. _____, entitled DIELECTRIC LOSS COMPENSATION METHODS AND APPARATUS, executed by me on January 24, 2003 (the U.S. Application), Klarquist Sparkman, LLP reference no. 5999-64420, which is to be filed, and which has been filed on January 27, 2003.

2. SiQual, Inc., is a corporation organized under the laws of the State of Washington having a place of business at 18735 SW Boones Ferry Road, Tualatin, Oregon, and was my employer at the time of this invention.

3. In consideration of \$500, the receipt of which is hereby acknowledged, Norman S. McMorrow, hereby sells, assigns and transfers to SiQual, Inc., the full and exclusive right, title and interest in and to said invention, patent applications and patent rights throughout the world, including foreign patent priority rights, the right to file and prosecute International Applications under the Patent Cooperation Treaty, and the right to file and prosecute applications under the European Patent Convention; said invention, application and letters patent in this or any foreign country, and all divisions, continuations, reissues and extensions thereof, to be held and enjoyed by SiQual, Inc. for its own use and benefit, and for its successors and assigns to the full end of the term for which letters patent may be granted in this or any foreign country, as fully and entirely as the same would have been held by me had this assignment and sale not been made,

and covenant that I have full right so to do.

4. Norman S. McMorrow also agrees to communicate to SiQual, Inc. or its successors and assigns, all information known to him to be material to the patentability of said invention, sign all lawful papers, execute the U.S. Patent Application and all divisional, continuing and reissue applications, and make all rightful oaths to aid SiQual, Inc. or its successors and assigns to obtain patent protection for said invention in this and in foreign country.

5. Norman S. McMorrow declares that he has reviewed the U.S. Application, understands and agrees the application is confidential, and confirms that the U.S. Application describes said invention and the manner and process of making and using said invention in such terms as to enable any person skilled in the art to make and use the invention, and that the U.S. Application sets forth the best mode contemplated by him for carrying out said invention.

6. Norman S. McMorrow hereby grants the law firm of Klarquist Sparkman, LLP, the power to insert on this Assignment the execution date, the filing date, and the application number of the above-referenced U.S. Application.
