**ASSIGNMENT OF APPLICATION**

**WHEREAS**, Robert J. Monson, a citizen of the United States residing at 1027 Brenner Avenue, St. Paul, Minnesota 55113 and Trevor J. McCollough, a citizen of the United States, residing at 1704 61<sup>st</sup> Street W, Minneapolis, Minnesota 55419, have invented certain new and useful improvements in a patent application entitled "STACKED TETRAHEDRAL ELASTOMER MOUNT" for the U.S. Patent and Trademark Office, and

**WHEREAS**, Lockheed Martin Corporation (hereinafter "LMC"), a corporation of the State of Maryland, with a place of business at 6801 Rockledge Drive, Bethesda, MD 20817 is desirous of acquiring the entire right, title, and interest in and to said invention, and in any patent which may be granted thereon;

**NOW THEREFORE**, we hereby assign, sell, and transfer unto said LMC (hereinafter "Assignee"), its successors, and assigns, the entire right, title, and interest in and to all inventions disclosed in said application, in and to said application, and to any patents for the United States of America, its territories and possessions and all foreign countries resulting from said inventions and said patent application, including all divisions, continuations, reissues and extensions thereof, all rights to claim priority based thereon, all rights to file foreign applications on said invention, and all patents, reissues and extensions thereof, issuing for said invention in the United States of America, and in any and all foreign countries thereof.

**WE HEREBY** grant to Assignee the right to apply, in its own name, for patents corresponding to the above inventions in countries foreign to the United States, and all priority rights resulting from the above-identified United States Patent Application. We hereby authorize and request the Commissioner of Patent and Trademark to issue said United States Patent to said Assignee, and any and all patents that may be granted for said invention, and we agree that we, and our successors, assigns, or legal representatives thereof, shall be legally bound without additional compensation (except for any statutory fee applicable to witnesses), but without cost to us, to promptly communicate to Assignee, or its representatives, all facts known to us, or in our possession respecting said invention whenever requested, to testify in any legal proceedings, to sign all lawful papers, execute all divisional, continuing and reissue applications, to make all rightful oaths and to generally aid our said Assignee, its successors and assigns, as and when requested by them, in obtaining in the name of the Assignee, and in enforcing proper patent protection for said invention, on behalf of the Assignee in the United States and all countries foreign thereto. Therefore, we hereby covenant that no assignment, sale, agreement, or encumbrance has been, or will be made, or entered into which conflicts, or would be in conflict, with this Assignment.
