ASSIGNMENT OF PATENT AND INVENTIVE RIGHTS

FOR GOOD AND VALUABLE CONSIDERATION,

Reference is hereby made to that certain Asset Purchase Agreement (as in effect from time to time, the "APA"), dated as of November 19, 2002, among ArgoMed, Ltd., a company organized and existing under the laws of Israel and ArgoMed, Inc., a corporation organized and existing under the laws of Delaware (hereafter collectively referred to as "ArgoMed"), on the one hand, and WIT IP Corporation and WIT Holdings, Inc., each a company organized and existing under the laws of Delaware and having a principal place of business at Southborough Place, 136 Turnpike Road, Southborough, MA 01772, on the other. This Assignment of Patent and Inventive Rights (this "Assignment") is contemplated by, and is being executed and delivered pursuant to, the APA. Capitalized terms used in this Assignment but not otherwise defined herein, have the respective meanings given to them under the APA.

For good and valuable consideration, receipt of which is hereby expressly acknowledged, ArgoMed, Inc. and ArgoMed, Ltd. hereby sell, assign and transfer unto WIT IP Corporation ("Buyer"), and its successors, assigns and legal representatives, the entire right, title and interest, for all countries, in and to any and all patents and patent applications Related to the Business, including, without limitation, the patents and patent applications listed in attached Schedule A to this Assignment, and the invention(s) and improvement(s) set forth therein, and any and all related provisionals, non-provisionals, continuations, continuations-in-part, divisionals, and renewals of and substitutes for said applications and patents, and all the rights and privileges under any and all patents and similar rights that may be granted therefore in any country, and any reissues, or reexaminations, or extensions of said patents and patent applications. The parties hereby request that any and all patents and similar grants for said inventions be issued to Buyer, its successors, assigns and legal representatives, or to such nominees as Buyer may designate.

ArgoMed agrees that, when requested, it will, without charge to said Buyer (or its affiliates) but at Buyer's expense, sign all papers, take all rightful oaths, and do all acts which may be necessary, desirable or convenient for securing and maintaining patents for said inventions in any and all countries and for vesting title thereto in Buyer, its successors, assigns and legal representatives or nominees.

ArgoMed authorizes and empowers Buyer, its successors, assigns and legal representatives or nominees, to invoke and claim for any application for patent or other form of protection for said inventions filed by it or them, the benefit of the right of priority provided by the International Convention for the Protection of Industrial Property, as amended, or by any convention which may henceforth be substituted for it, and to invoke and claim such right of priority without further written or oral authorization from ArgoMed or any other party.

ArgoMed hereby consents that a copy of this Assignment shall be deemed a full legal and formal equivalent of any assignment, consent to file or like document which may be required in any country for any purpose and more particularly in proof of the right of Buyer, its successors, assigns and legal representatives or nominee to claim the aforesaid benefit of the right of priority provided by the International Convention which may henceforth be substituted for it.

IN WITNESS WHEREOF, the undersigned have hereunto signed their names on the day and year set forth below as authorized signatories, agents and representatives of Argomed.
