ASSIGNMENT

WHEREAS, Computer System Products, Inc., a corporation created and existing under and by virtue of the laws of the State of Minnesota (hereinafter referred to as "CSP"), is the owner of all right, title and interest in the patent rights for the invention identified in Patent No. 6,422,581 (titled "Transporting an Electronic Bay with Pigtail Cables from a Fabrication Site to an Installation Site"); and

WHEREAS, APA Acquisition, Inc., a corporation created and existing under and by virtue of the laws of the State of Minnesota (hereinafter referred to as "APA"), is desirous of acquiring the rights of CSP in said invention, including the entire right, title and interest of CSP in and to the aforesaid invention throughout the world, and all right, title and interest of CSP in, to and under said application and any and all Letters Patent of the United States and all other countries throughout the world which have been or may be granted therefore;

NOW, THEREFORE, for and in consideration of good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, CSP hereby sells, assigns, transfers and sets over to APA all right, title and interest of CSP in and to the said invention throughout the world, and said application for U.S. Letters Patent, and any and all Letters Patent of the United States and foreign countries which have been or may be granted therefor, including Patent No. 6,422,581, and any and all divisions, continuations, and reissues thereof, the same to be held and enjoyed by APA for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Letters Patent of the United States or foreign countries are, have been or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by CSP if this assignment and sale had not been made.

And CSP hereby authorizes and requests the Commissioner of Patents and Trademarks to issue any and all Letters Patent of the United States on said invention or resulting from said application and from any and all divisions, continuations, and reissues thereof, to APA, as assignee of CSP's entire interest, and hereby covenants that CSP has the full right to convey the entire interest herein assigned, and that CSP has not executed and will not execute any agreement in conflict herewith.

And CSP further hereby covenants and agrees that it will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said invention and to such Letters Patent as have been or may be granted therefor, to APA, its successors, assigns or other legal representatives. If APA shall desire to file any divisional or continuation applications or to secure a reissue of such Letters Patent, or to file a disclaimer relating thereto, CSP will upon request, sign all papers, make all rightful oaths and do all lawful acts requisite for the filing of such divisional or continuation application, or such application for reissue and the procuring thereof, and for the filing of such disclaimer, without further compensation but at the expense of said assignee, its successors, or other legal representatives.

And CSP further covenants and agrees that it will, at any time upon request, communicate to APA, its successors, assigns or other legal representatives, such facts relating to said invention and Letters Patent or the file history thereof as may be known to CSP, and testify as to the same in any interference or other litigation when requested so to do, without further compensation but at the expense of said assignee, its successors, or other legal representatives.
