PATENT ASSIGNMENT

WHEREAS, Jasper Consulting, Inc., a Minnesota corporation, having a mailing address at _____ (the Patent Holder), is the owner of certain inventions as disclosed and claimed in numerous United States and foreign patents and pending patent applications as identified in Schedule 1 (hereinafter the "Inventions"); and

WHEREAS, 123 ID, Inc., a corporation organized and existing under the laws of the State of Delaware, and having a principal place of business at 100 North Third Street, Grand Forks, ND 58203, is desirous of acquiring the entire right, title and interest in and to said Inventions and all United States and foreign patents and patent applications as identified in Schedule 1, as well as and any and all patents of the United States and in any and all foreign countries which may be obtained therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, Patent Holder does hereby sell, assign and transfer and set over unto said 123 ID, Inc., its legal representatives, successors and assigns, the entire right, title and interest in and to said Inventions and all United States and foreign patents and patent applications as identified in Schedule 1 attached hereto and incorporated herein by reference, and in and to all patents of the United States and in any and all foreign countries which may be issued for said Inventions, and in and to all patent applications, continuations, continuations-in-part, divisionals, reexaminations and reissues of said Inventions in the United States and counterparts thereof in any and all foreign countries, as fully and completely as the same would have been held by Patent Holder had this Assignment and sale not been made, together with all claims for damages by reason of past, present or future infringement with the right to sue for and collect the same and obtain all other possible remedies for 123 ID, Inc.'s own use and enjoyment and for the use and enjoyment of 123 ID, Inc.'s successors, assigns or other legal representatives. The said entire right, title and interest shall vest irrevocably in 123 ID, Inc. Patent Holder further agrees upon request, without additional compensation but at no expense to Patent Holder, to execute or assent to foreign applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the said entire right, title and interest hereby transferred to 123 ID, Inc., its legal representatives, successors and assigns, or as said 123 ID, Inc. may direct.

Patent Holder covenants that it has not executed any instrument or taken any action contrary to this Assignment, nor will Patent Holder do so in the future. Patent Holder further covenants that Patent Holder, and its representatives or assigns will execute all papers, assignments or other documents as requested by 123 ID, Inc., will provide testimony by affidavit or otherwise on behalf of 123 ID, Inc., in any proceeding before the United States Patent and Trademark Office, foreign patent office, state or federal court, or other decision-making body, and in general will cooperate fully with 123 ID, Inc., or its successors and assigns in the endeavor to secure, perfect, maintain or enforce any rights under said Inventions, applications, or patents of the United States or any foreign countries which may be issued for said Inventions.

The Commissioner of Patents, and the officials with comparable authority over patents in foreign countries, are hereby authorized and directed to issue, in accordance with this Assignment, any and all patents which may be granted as a result of said applications as identified in Schedule 1 or any such continuations, continuations-in-part, divisionals, reexaminations and reissues thereof, or foreign counterparts thereto, or otherwise granted on said Inventions.
