PATENT RIGHTS ASSIGNMENT

FOR VALUE RECEIVED, the receipt of which is hereby acknowledged, the following inventor or inventors (hereinafter called "ASSIGNOR")

LECHOT, André / DESARZENS, Yves / WHITE, Patrick

hereby assigns, transfers and set over to (*this must be filled out prior to inventors' execution*):

PRECIMED S.A.

(hereinafter called "ASSIGNEE"), the entire worldwide right, title, and interest in and to the invention known as:

ACETABULAR REAMER

(Note: at least one of the below must be checked at time of inventors' signing)

for which a ^{provisional} United States Patent Application was executed on 10/09/2001 (date), No 60/328,154

if this assignment is executed prior to the filing of the United States patent application, for which a _____ (name country in which U.S. application is a translation) patent application, entitled _____

(foreign language title is OK here), serial no. _____, was filed on _____, the U.S. application being a translation of this foreign application, or for which a United States Patent Application will be filed on or about _____ (date).

In addition, the invention is within the domain of products/inventions for which I am under a duty to assign my inventions to the ASSIGNEE, the domain being summarized, but not necessarily limited to the domain described as follows:

MEDICAL DEVICES

(*the foregoing should be filled out prior to inventors' signature—French description is acceptable*)

and all rights and privileges under any Letters Patent which may be granted thereon, including all rights, if any, throughout the entire world to sue for all infringements, including past infringements which may have occurred before the execution of this assignment.

- (1) The ASSIGNOR agrees without charge to said ASSIGNEE but at the ASSIGNEE's expense (a) to execute (i) all necessary papers to be used in connection with this application and any additional, continuing, or divisional applications, as the ASSIGNEE may deem necessary or expedient, (ii) all papers in connection with any interference or other legal or quasi-legal proceedings relating to this application or any additional, continuing, or divisional application thereof, (iii) all papers and documents which may be necessary in connection with the preparation and filing of any foreign applications or with making claims to priority rights granted under the provisions of the International Convention for Protection of Industrial Property or similar agreements; (b) to cooperate with ASSIGNEE in every way possible in obtaining evidence and in going forward in any such proceedings; and (c) to perform all other affirmative acts which may be necessary or desirable to obtain a grant of a valid patent for said invention in any country throughout the world.
