Agreement to Revised Terms and Conditions

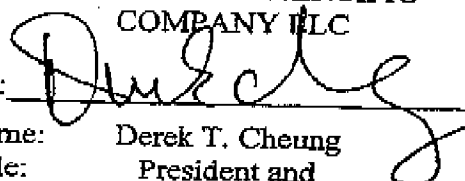

This Agreement, dated October 31st, 2001 (the "Execution Date"), by and between Rockwell Scientific Company LLC, a Delaware limited liability company ("RSC"), and Conexant Systems, Inc. ("Conexant"), a Delaware corporation, changes the rights and obligations of Rockwell Scientific Company LLC, successor in interest to Rockwell Science Center, LLC, and Conexant as set out in the Transition Agreement, by and between Rockwell International Corporation and Conexant Systems, Inc., dated December 31, 1998.

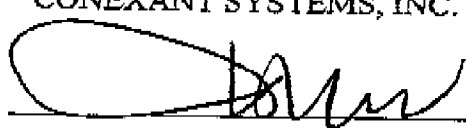

II. Patent Assignment - Conexant assigns to RSC its entire worldwide rights, title, and interest in all patents, patent applications, and invention disclosures identified in Exhibit 2, subject to any and all pre-existing licenses by Conexant to one or more third parties, wherein Conexant shall remain the beneficiary of such pre-existing licenses. Within 30 days of the Execution Date of this Agreement, Conexant shall provide RSC with the appropriate and necessary information relating to such pre-existing licenses, to the extent that such pre-existing licenses encumber RSC's rights, title or interest in any patents, patent applications or invention disclosures identified in Exhibit 2. Included in this assignment are all continuations, continuations-in-part, divisionals, reissues, and foreign filed cases that claim priority from cases listed in Exhibit 2.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date first written above.
