ASSIGNMENT

WHEREAS, I the undersigned, Michael S. Didion, being a citizen of the United States and residing in the County of St. Louis, and State of Missouri, am an employee of Precision Components & Assemblies, Inc., a Missouri corporation, located at 30 Patmos Court, St. Peters, Missouri, 63376, and I understand and acknowledge that I enjoy such employment, in part, because of my potential capacity to invent, that one of my duties as such employees is to endeavor at all times to make inventions for the benefit of my employer, and that a condition of my said employment is and has been that all patent rights appertaining to any invention made by me, in the course of such employment, be assigned by me unto my said employer without any charge whatever in addition to my regular salary;

AND WHEREAS, in the course of said employment, I the undersigned, Michael S. Didion, have invented certain improvements in

STABILIZER

which I have made, and have executed, application for patent of the United States.

NOW, THEREFORE, know all men by these presents that in compliance with the duties and obligations inherent in my aforesaid employment, and in further consideration of a bonus of One Dollar (\$1.00) in hand paid by said Precision Components & Assemblies, Inc., a corporation, (receipt whereof by us is hereby acknowledged) I, said, Michael S. Didion, do hereby formally assign, transfer, and set over unto said Precision Components & Assemblies, Inc., a corporation, its successors and assigns, Stabilizer as fully and entirely as the same would have been held and enjoyed by me if this assignment and sale had not been made; and I agree to execute such further applications, powers of attorney, assignments, and other documents as may be necessary or desirable to fully effectuate this agreement.

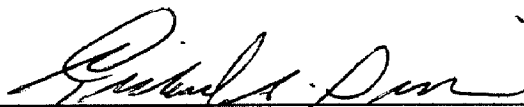

AND, I further grant to said Precision Components & Assemblies, Inc., corporation, its successors and assigns, the right to claim for any application for said invention the full benefit of any international agreement between the United States and any foreign country or countries.

AND, I do hereby authorize and request the Commissioner of Patents and Trademarks to issue the said patent, when granted, to the Precision Components & Assemblies, Inc., a corporation, its successors and assigns, as assigns of the entire right, title, and interest in and to the said invention for the sole use and behalf of said Precision Components & Assemblies, Inc., a corporation, and for its successors and assigns, to the full ends of the terms for which a design patent may be granted.

The Serial Number and filing date for the patent application contained in this assignment is as follows:

Serial No. 29-141893 Filed: June 6, 2002

EXECUTED and delivered this 14th day of APRIL, 2003
