(collectively referred to as the "Assigned Patent Properties"); and

WHEREAS, Luidia, Inc., having a place of business at 303 Velocity Way, Foster City, CA 94404 (the "Assignee"), has acquired all of Assignor's right, title and interest in and to the Assigned Patent Properties for the good and valuable consideration set forth in that Agreement For Purchase and Sale of Assets by and between Assignor and Assignee dated July 2, 2003 ("the Agreement");

NOW, THEREFORE, in consideration of good and valuable consideration acknowledged by Assignor to have been received from Assignee:

Initials: ALC (for Luidia, Inc.)

PATENT
REEL: 014043 FRAME: 0274

1. Assignor does hereby sell, assign, transfer and convey unto Assignee, all of Assignor's rights, title and interest in and to the Assigned Patent Properties, including Assignor's right to claim priority therefrom, the eventual letters patent, and all continuations, divisionals, continuations-in-part, reexaminations, substitutions, foreign counterparts, reissues and extensions of said Assigned Patent Properties.

2. Assignor hereby covenants and agrees to cooperate with Assignee, at Assignee's reasonable written request, to enable Assignee to obtain, sustain, enforce and enjoy to the fullest extent all rights, title and interest herein conveyed in any country. Such cooperation by Assignor shall include production of pertinent facts and documents, giving of testimony, execution of petitions, oaths, specifications, declarations or other papers, and other assistance all to the extent requested in writing by Assignee and reasonably necessary (a) for perfecting in Assignee the rights, title and interest herein conveyed; (b) for filing and prosecuting substitute, divisional, continuing or additional applications covering the Assigned Patent Properties; and (c) for filing and prosecuting applications for re-issuance of any of the Assigned Patent Properties; provided, however, that all expenses (including without limitation reasonable hourly charges, out-of-pocket expenses and attorneys fees) incurred by Assignor in providing such cooperation shall be paid for by Assignee, and provided further that such assistance shall not interfere with Assignor's existing business obligations, require Assignor to travel more than 50 miles or work outside of normal business hours, or require Assignor to join, produce information or testimony in or otherwise participate in any adversarial legal proceeding, including without limitation interference proceedings, ITC proceedings or infringement actions. In the event that Assignee is unable for any reason to secure Assignor's signature to any document required to apply for or execute any patent applications or patents (including improvements, renewals, extensions, continuations, divisions or continuations in part thereof) or memorializing the assignments hereunder, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as Assignor's agent and attorney-in-fact to act for and in their behalf, and instead of Assignor, to execute and file any such applications and to do all other lawfully permitted acts to further the perfection, prosecution and issuance of patents or other rights therein with the same legal force and effect as if executed by Assignor. Assignor hereby declares that the foregoing power is coupled with an interest and as such is irrevocable.

3. This Patent Assignment Agreement shall be construed in accordance with, and governed by, the laws of the State of California without regard to its rules regarding conflicts of law. Any suit or action at law or in equity initiated by either party to enforce or interpret this Patent Assignment Agreement will be brought in a court of competent jurisdiction in San Mateo County, California.

4. This Patent Assignment Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which shall together constitute one and the same instrument. This Patent Assignment Agreement shall become binding when one or more counterparts hereof, individually or taken together, shall bear the signatures of all of the parties reflected hereon as the signatories.

Initials: RL (for Luidia, Inc.)
EL (for Electronics for Imaging, Inc.)

Patent Assignment

5. The terms and covenants of this Patent Assignment Agreement shall inure to the benefit of Assignee, its successors and assigns, and shall be binding upon Assignor and its successors and assigns. It may be executed in any number of identical counterparts, each of which shall be deemed an original, but all of which when taken together, shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties have executed this Patent Assignment Agreement at Foster City, California, this 2 day of July, 2003.
