ASSIGNMENT

Whereas, we, the undersigned inventors, have invented certain improvements in:

***Test Strip for Determining Concentration
Of Multiple Analytes in a Single Fluid Sample***

described and claimed in a U.S. Patent Application Serial No. 10/334,043 filed on December 30, 2002 and International Patent Application No. PCT/US02/41672 filed on even date therewith.

Whereas, Polymer Technology Systems, Inc., a corporation organized and existing under the laws of Indiana, having its principal place of business at 7736 Zionsville Road, Indianapolis, Indiana, 46268, is to acquire the entire right, title and interest in and to said invention and said applications for Patent.

Now, therefore, in consideration of the sum of One Dollar (\$1.00) to us in hand paid, and for other good and valuable consideration, the receipt of which is hereby acknowledged, we do hereby assign, sell, transfer and set over unto Polymer Technology Systems, Inc., its successors and assigns, the full, entire and exclusive right, title and interest, for the territory of the United States of America and for all foreign countries, in and to said invention, as described in the applications identified above, and in and to said applications and any divisions or continuations or continuations in part thereof or substitutes therefor, or applications claiming priority therefrom which may be filed, and in and to any patents or reissues, renewals or extensions thereof which may be granted on said applications or for said invention, and in and to any patent application which may be filed on said invention in countries foreign to the United States of America and any patents granted thereon; said invention, applications, and patents to be held and enjoyed by said Polymer Technology Systems, Inc., and its successors or assigns, to the full end of the term or terms for which said patents may be granted, as fully and entirely as the same would have been held by us had this assignment not been made.

We hereby authorize and request the officials of the USPTO and the patent offices of any and all foreign countries to issue any and all of said patents, when granted to Polymer Technology Systems, Inc., as the assignee of our entire right, title, and interest in and to the same, for the sole purpose of said Polymer Technology Systems, Inc., its successors and assigns.

Further, we agree to execute all papers and to give such lawful testimony and to perform such other lawful acts as said Polymer Technology Systems, Inc., its successors and assigns may require to enable them to procure Letters Patent on said invention or reissues or extensions thereof in the United States of America and in any foreign country, and to hold, enforce or convey said Letters Patent, reissues or extensions.
