ASSIGNMENT

WHEREAS, we, John J. CIARLANTE, a citizen of the United States, residing at 33 Knowlton Avenue, Shrewsbury, Massachusetts 01545, Orlando C. MONTALVO-HUHN, a citizen of the United States, residing at 18 Lupine Street, Lowell, Massachusetts 10851, Koah-Hsing WANG, a citizen of United States, residing at 6 Eugene Drive, Winchester, Massachusetts 01890, Alan RODGERS, a citizen of the United States, residing at 14 Orient Avenue, Melrose, Massachusetts 02176, and Steven BRAND, a citizen of the United States, residing at 1 Rogers Street, Cambridge, Massachusetts 02142, have invented one or more inventions (hereinafter referred to as "said invention(s)") disclosed in an application for Letters Patent of the United States titled METHOD AND SYSTEM FOR HOSTING APPLICATIONS (hereinafter referred to as "said application"), said application having been filed on January 25, 1999 and assigned application Serial No. 09/237,134.

WHEREAS, International Business Machines Corporation (hereinafter together with its successors and assigns referred to as "the Assignee"), a New York corporation, having a place of business at New Orchard Road, Armonk, New York 10504 is desirous of obtaining all right, title and interest in, to and under said invention(s) and said application; and

NOW, THEREFORE, for good and valuable considerations, the receipt and sufficiency of which we hereby acknowledge, we have sold, assigned, transferred and set over, and by these presents hereby sell, assign, transfer and set over to the Assignee all right, title and interest in, to and under said invention(s) and said application, including the right to apply for any Letters Patent of the United States of America and in any and all foreign countries on said invention(s), and any and all other applications for Letters Patent on said invention(s), in whatsoever countries, including all divisional, renewal, substitute, continuation, continuation-in-part and convention applications based in whole or in part upon said invention(s) or upon said application, and any and all Letters Patent which may issue thereon in the United States and foreign countries, and any and all reissues, extensions, renewals, divisions, continuations or continuations-in-part of Letters Patent granted for said invention(s) or upon said applications, to the full term or terms for which said Letters Patent may be issued, and every priority right that is or may be predicated upon or arise from said invention(s), said application and said Letters Patent, the same to be held and enjoyed by the Assignee for its own use and benefit fully and entirely as if the same would have been held and enjoyed by us had this Assignment not been made. We hereby authorize the Assignee to file patent applications in any and all countries on any or all of said invention(s) in our names, or in its name, or otherwise as the Assignee may deem advisable, under the International Convention or otherwise.

We hereby authorize the Commissioner of Patents and Trademarks of the United States, and any official of any other country empowered to issue patents, to record this Assignment, and to issue or transfer all said Letters Patent on said invention(s) to the Assignee as owner of all right, title and interest therein, or otherwise as the Assignee may direct, in accordance with the terms of this Assignment.

We hereby represent and warrant that we have the full right to convey the entire right and interest herein assigned, that there are no rights or interests outstanding inconsistent with the rights and interests granted herein, and that we will not execute any instrument or grant or transfer any rights or interests inconsistent with the rights and interests granted herein.

We hereby covenant and agree that we will, upon request of the Assignee, communicate to the Assignee any facts known to us relating to said invention(s) and the history thereof, testify in any legal proceeding, execute all lawful papers including without limitation all divisional, continuing and reissue applications and all rightful oaths and declarations, and generally do all further acts which may be deemed necessary by the Assignee to obtain and enforce proper patent protection for said invention(s) in all countries.
