ASSIGNMENT
OF APPLICATION FOR UNITED STATES LETTERS PATENT

Attorney Docket
37112-173148

WHEREAS Connecticut Innovations, Inc., 999 West Street Rocky Hill, Connecticut 06067 hereinafter referred to as the assignor, has beneficially acquired the entire right, title, and interest in and to the United States Patent Application entitled UNIVERSAL CLAIMS FORMATTER, said application having been filed in the United States Patent and Trademark Office on December 30, 1999, and having been assigned Serial Number 09/475,476, Confirmation Number 6367.

AND WHEREAS Parish Road Ventures, Inc., 909 Newfield Street Middletown, Connecticut 06457 hereinafter referred to as the assignee, is desirous of acquiring the entire right, title and interest in and to said application which said assignor has or may have, including any and all divisions and continuations thereof, and in and to said invention and any and all patents which may be granted therefore, including any and all renewals, reissues and prolongations thereof.

NOW THIS WITNESSETH, that for and in consideration of One Dollar (\$1.00), and other good and valuable consideration paid by said assignee to said assignor, the receipt of which is hereby acknowledged, said assignor hereby assigns, sells and transfers to said assignee, and said assignee's successors and assigns, the entire and exclusive right, title and interest in and to said application which said assignor has or may have, including any and all divisions and continuations thereof and any and all international applications based upon said application or upon said divisions and continuations thereof, and in and to said invention and any and all patents which may be granted therefor, including any and all renewals, reissues and prolongations thereof; said assignee, and said assignee's successors and assigns, to have, hold, exercise and enjoy the said application, including any and all divisions and continuations thereof and any international applications based upon said application or upon said divisions and continuations thereof, and the said invention and any all patents which may be granted therefor, including any and all renewals, reissues and prolongations thereof, with all the rights, powers, privileges and advantages in anywise arising from or appertaining thereto, for and during the term or terms of any and all such patents when granted, including any and all renewals, reissues and prolongations thereof, for the use and benefit of said assignee, and said assignee's successors and assigns, in as ample and beneficial a manner as the said assignor might or could have held and enjoyed the same, if this assignment had not been made.

AND said assignor hereby agrees to perform, upon the request of said assignee, or said assignee's successors or assigns, any and all acts relating to the obtaining or to the asserting of said patents, including any and all renewals, reissues and prolongations thereof.

AND said assignor authorizes and requests the Commissioner of Patents and Trademarks to issue Letters Patent on said application, and on any and all divisions and continuations thereof, to said assignee, and said assignee's successors and assigns, in accordance herewith.
