ASSIGNMENT TO WMR E-PIN LLC

Whereas, I/we the undersigned assignors, William M. Randle, having a residence address at 2389 Bryden Road, Bexley, Ohio, 43209 and Randall E. Orkis, having a residence address at 2726 State Route 310 North, Pataskala, Ohio 43062, both citizens of the United States of America having a business address at 2361 Morse Road, Columbus, Ohio 43229, have invented certain new and useful improvements in DIALECT INDEPENDENT MULTI-DIMENSIONAL INTEGRATOR USING A NORMALIZED LANGUAGE PLATFORM AND SECURE CONTROLLED ACCESS for which I/we have filed an application for Letters Patent of the United States, the specification of which was filed on October 25, 2002 and is identified as Application Number 10/283,038 pending in the United States Patent and Trademark Office.

And whereas, WMR E-PIN LLC, 2389 Bryden Road, Bexley, Ohio, 43209, an Ohio limited liability company, ("WMR") is desirous of acquiring the entire right, title and interest in, to and under the said invention and said patent application, any continuing applications, continuations-in-part, divisional applications, refiled or reissue applications made in the United States and all other Nations which may result from the invention and information disclosed in said application, and any and all Letters Patent of the United States and other Nations which may be issued therefore;

Now, therefore, for and in consideration of the sum of one dollar (\$1.00) and other good and valuable consideration, the receipt of which I/we each hereby acknowledge, I/we the said William M. Randle and Randall E. Orkis, by these presents do hereby sell, assign and transfer to WMR the entire and undivided right, title and interest in and to my/our invention of new and useful improvements in and to DIALECT INDEPENDENT MULTI-DIMENSIONAL INTEGRATOR USING A NORMALIZED LANGUAGE PLATFORM AND SECURE CONTROLLED ACCESS, my/our said application for letters patent, the invention therein

described, and all rights appurtenant thereto, and in all applications related thereto, including each of the following: the right to apply for any letters patent for said invention for the United States of America and in any and all foreign countries, any and all other applications for letters patent on said invention, in whatsoever countries, including all divisional, renewal, substitute and continuation applications based in whole or in part upon said invention or upon said application or related thereto; any and all letters patent that may issue thereon in the United States and foreign countries and any and all reissues, extensions, renewals, divisions, or continuations of letters patent granted for said inventions or upon said applications, to the full end of the term or terms for which said letters patent may be issued; and every priority or other right accorded by every international convention, treaty or agreement that is or may be predicated upon or arise from said invention, application and other applications or letters patent therefor, all to be held and enjoyed by WMR, its successors and assigns, all the same as I/we would have held and enjoyed had this Assignment not been made.

I/we hereby authorize and grant the right to WMR to file and prosecute patent applications in any or all countries on all or any part of said invention in my/our name or in the name of WMR or otherwise, as WMR may deem advisable under any international convention, treaty, or agreement or otherwise.

I/we hereby request and authorize the Commissioner of Patents and Trademarks of the United States and the empowered officials of all other countries to grant, issue and transfer any letters patent for the said inventions arising out of said application to WMR, as assignee of the entire right, title and interest herein, in accordance with this instrument of assignment.

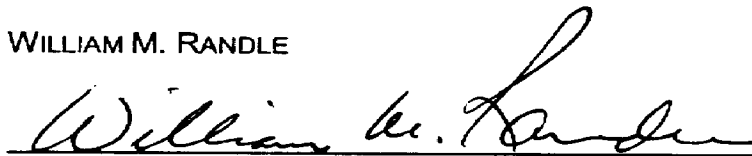

I/we hereby represent and warrant that there are no rights or interest outstanding inconsistent with the rights and interests granted herein; I/we covenant that I/we will not execute, grant, or transfer any rights or interests inconsistent herewith, I/we bind myself/ourselves, my/our heirs, executors, administrators and legal representatives to execute and deliver to WMR, its successors and assigns, any further documents or instruments and to perform any and all further acts that may be deemed necessary to enable it, its successors and assigns to file the said applications for letters patent and for the said invention in any country in which it may elect to file such applications, and to vest in WMR, its successors and assigns, the title herein conveyed and intended to so be, and to enable such title to be recorded in the United States and each foreign country in which each such application may be filed so that any patent issued thereon shall be issued to WMR, its successors and assigns; and I/we further covenant and agree, for myself/ourselves and my/our executors, administrators and legal representatives, that I/we and they will, upon request, communicate to, its successors and assigns, any facts relating to the said invention and the history thereof, known to me or them and that I/we and they will testify as to the same in any proceeding, interference or litigation when requested to do so by WMR, its successors and assigns.
