ASSIGNMENT

THIS ASSIGNMENT, by the Institute of Organic Chemistry and Biochemistry of the Academy of Sciences of the Czech Republic, having offices at Flemingovo nam. 2, 166 10 Praha 6, Czech Republic ("IOCB") (hereinafter referred to as the Assignor),

WHEREAS, the Assignor owns all right, title and interest in US Patent 4,808,716, entitled "9-(Phosphonylmethoxalkyl)adenines, the Method of Preparation and Utilization Thereof" ("Patent") which covers the pharmaceutical agent Adefovir Dipivoxil, subject to licenses granted heretofore to Assignee by IOCB/REGA; and

WHEREAS, GILEAD SCIENCES, INC., a corporation duly organized under and pursuant to the laws of Delaware, USA and having its principal place of business at 333 Lakeside Drive, Foster City, CA 94404 USA, ("Assignee") is desirous of acquiring the entire right, title and interest in and to said Patent and

WHEREAS pursuant to Article III of Letter Agreement dated April 1, 2002, Assignor have undertaken to assign to Assignee rights to Patent as provided in said Letter Agreement;

WHEREAS Assignor desires to enter into said assignment pursuant to the Letter Agreement;

NOW THEREFORE, in consideration of One Dollar (\$ 1.00) and other good and sufficient consideration, the receipt of which is hereby acknowledged, Assignor sells, assigns, transfers and sets over, unto the Assignee, its successors, legal representatives and assigns, the entire right, title and interest in and to the abovementioned Patent.

Assignor hereby covenants that, at the time of execution and delivery of this document, the Assignor is the sole and lawful owner of the entire right, title and interest in and to the Patent, that the Patent is unencumbered and that Assignor has good and full right and lawful authority to convey Patent in the manner herein set forth.

At Assignee's request Assignor agrees to sign all papers and documents, take all lawful oaths and do all acts necessary or required to be done pursuant to the activities described in Article III of the Letter Agreement, without charge to Assignor. The future disposition of rights in the Patent shall be controlled by said Letter Agreement. No other terms and conditions of any other agreement between Assignee and Assignor shall be changed by this transfer of title and, in particular, the royalty provisions heretofore applicable shall continue to apply as if no transfer had occurred.

Except as provided herein this assignment shall not otherwise amend any of the rights and obligations of the parties under prior existing agreements as amended, which agreements shall remain in full force and effect.
