A S S I G N M E N T

For value received, receipt, sufficiency and adequacy of which is hereby acknowledged, I, Bernd Schulte-Ladbeck, a resident of Houston, Texas, hereby sell, assign and transfer unto Compagnie Plastic Omnium ("CPO"), a corporation of the Republic of France, with its principal place of business at 19 avenue Jules Carteret, 69007 Lyon, FRANCE as Assignee, all of my right, title and interest in and to all inventions disclosed and/or claimed in a certain patent application for United States Letters Patent, executed by me on the date by my signature herein below, and filed in the United States Patent and Trademark Office concurrently with this Assignment, entitled **BATTERY VENT AND PRESSURE BLOWOUT RELIEF FRIT**, and all of my right, title and interest in and to any patent application and any patent deriving there from, and in and to any patent application filed either singularly or jointly by me for any of said inventions, including all divisions, reissues, continuations, extensions, substitutions and applications foreign to the United States, together with all right to make application for and obtain patent protection for said invention or inventions in any and all countries foreign to the United States and specifically including the right to claim priority under the terms of the International Convention based on said application or Letters Patent in the United States; and all of my right, title and interest in and to all patents granted on said invention or inventions.

And I hereby authorize and request the Commissioner of Patents and Trademarks or any other proper officer to issue all Letters Patent granted on said invention or inventions or resulting from said application and from any and all divisions, continuations, continuations-in-part and reissues thereof, to COMPAGNIE PLASTIC OMNIUM, as assignee of my entire interest.

And I further hereby covenant and agree that I will, at any time, upon request, execute and deliver any and all papers that may be necessary or desirable to perfect the title of said invention and to such Letters Patent as may be granted therefore, to COMPAGNIE PLASTIC OMNIUM, its successors, assigns or other legal representatives, and if they shall desire to file any divisional, continuation or continuation-in-part applications or
