have invented a new, original, and ornamental design for a ELECTROSURGICAL GENERATOR hereinafter called the "invention."

Preferred embodiments of said invention are disclosed in a United States patent application executed concurrently herewith by us and now identified as File No. 14458.66 of the law firm of Workman, Nydegger & Seeley, 1000 Eagle Gate Tower, 60 East South Temple, Salt Lake City, Utah 84111, and filed in the United States Patent and Trademark Office as Serial No.

_____ on _____. (We hereby authorize the attorneys of Workman,
Nydegger & Seeley to insert said serial number and filing date when known.)

The Assignee, MegaDyne Medical Products, Inc., a corporation of the State of Utah,
having a principal place of business at 11506 South State Street, Draper, UT 84020, desires to
secure the entire right, title and interest in said invention.

In consideration of \$1.00 and other good and valuable consideration paid to us by the
Assignee, the receipt and sufficiency of which we hereby acknowledge, WE HEREBY ASSIGN
TO THE ASSIGNEE:

The entire right, title and interest in said invention in the above-identified United
States patent application and in all divisions, continuations and continuations-in-part of
said application, or reissues or extensions of Letters Patent or Patents granted thereon,
and in all corresponding applications which may be filed in countries foreign to the
United States, and in all patents issuing thereon in the United States and foreign
countries.

The right to file foreign patent applications on said invention in its own name,
wherever such right may be legally exercised, including the right to claim the benefits of
the International convention for such applications.

We hereby authorize and request the United States Commissioner of Patents and
Trademarks, and such Patent Office officials in foreign countries as are duly authorized by their
patent laws to issue patents, to issue any and all patents on said invention to the Assignee as the
owner of the entire interest, for the sole use and behoof of the said Assignee, its successors,
assigns and legal representatives.

We hereby agree, without further consideration and without expense to us, to sign all
lawful papers and to perform all other lawful acts which the Assignee may request of us to make
this Assignment fully effective, including, by way of example but not of limitation, the
following:

Prompt execution of all original, divisional, substitute, reissue, and other United States and foreign patent applications on said invention, and all lawful documents requested by the Assignee to further the prosecution of any of such patent applications.

Cooperation to the best of my ability in the execution of all lawful documents, the production of evidence, nullification, reissue, extension, or infringement proceedings involving said invention.

This assignment and agreement shall be binding upon my heirs and legal representatives.
