ASSIGNMENT

WHEREAS, William Thomas Clements, an individual whose post office address is 9 Old Ranch Road, Laguna Niguel, CA 92677 (hereinafter "Assignor") is the owner of the patents and applications identified on the attached Schedule A (hereinafter collectively the "Patents"); and,

WHEREAS, Rosen Entertainment Systems, L.P., a California limited partnership with offices at 1120 California Avenue, Corona, California 92881 (hereinafter "Assignee"), is desirous of securing the entire right, title, and interest in and to the inventions disclosed and claimed in the Patents in all countries throughout the world, and in and to the United States patents and applications listed in Schedule A and any Letters Patent to be issued upon the applications listed in Schedule A and any Letters Patent that may be applied for or issued worldwide on said inventions;

NOW THEREFORE, be it known that for and in consideration of the sum of One Dollar (\$1.00) in hand paid and other good and valuable consideration, the sufficiency and receipt of which from Assignee is hereby acknowledged, Assignor has sold, assigned, transferred, and set over, and does hereby sell, assign, transfer, and set over unto the Assignee and its lawful successors and assigns, Assignor's entire right, title and interest in and to all inventions disclosed or claimed in the Patents, and in and to the Patents themselves, and in and to all Letters Patent which may be granted on all applications listed on Schedule A and all divisions and continuations thereof, and all reissues of all issued Patents listed in Schedule A, and all rights to claim priority on the basis of any and all applications listed in Schedule A, and all applications for Letters Patent which may hereafter be filed for any of the inventions disclosed or claimed in the Patents in any foreign country and all Letters Patent which may be granted on these inventions in any foreign country, and all extensions, renewals, and reissues thereof; and Assignor hereby sells, assigns, transfers, and sets over unto the Assignee and its lawful successors and assigns, all rights to bring suit upon and collect damages for all past, present and future infringements of all of the foregoing, and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for these inventions to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

AND, Assignor covenants that Assignor has the full right to convey the interests assigned by this Assignment, and Assignor has not executed and will not execute any agreement in conflict with this Assignment;

AND, Assignor hereby further covenants and agrees that Assignor will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to Assignor respecting these inventions and the Patents, and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to these inventions and Patents in the Assignee, its successors or assigns, to attempt in good faith when necessary or desirable to Assignee's business to obtain pertinent inventors' cooperation in executing all divisional, continuation, and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors and assigns, to obtain and enforce proper patent protection for these inventions in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be born by the Assignee, its successors and assigns.

IN TESTIMONY WHEREOF, I have hereunto set my hand.
