ASSIGNMENT

WHEREAS, new and useful inventions and improvements have been made in COMPUTER AND PERIPHERAL SWITCH WITH USB and are the subject of United States Patent No. 6,324,605 issued November 27, 2001.

WHEREAS, Video Products, Inc., a corporation of the State of Ohio, having an address at 1275 Danner Drive, Aurora, Ohio 44202, hereinafter referred to as "Assignee", is desirous of acquiring all right, title, and interest throughout the world in and to said inventions and improvements including the patent rights therefor,

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned entity does hereby assign and transfer unto Assignee, its successors and assigns, all right, title and interest, in the United States and throughout the world, in and to said inventions and improvements and all patent applications, patents, patent rights, and inventor's certificates therefor, including without limitation said United States Patent No. 6,324,605, all divisions and continuations thereof, all further patents which may be granted thereon, all reissues thereof, all right to sue for past infringement thereunder, and all patents which may be granted for said inventions and improvements by states or nations other than the United States and all applications therefor; the undersigned does covenant and agree for itself and for its executors, administrators, and legal representatives that, at Assignee's request, it will execute and deliver any applications, affidavits, assignments, and other instruments as may be deemed necessary or desirable to secure for or vest in Assignee, its successors or assigns, all right, title, and interest in and to any application, patent, or other right or property covered by this assignment, including the right to apply for and obtain patents in foreign countries under the provisions of the

International Convention; and it does hereby request and authorize the United States Commissioner for Patents and Trademarks to issue any and all United States patents granted on any of said applications to Assignee as owner of the entire right, title, and interest in and to the same, and authorize appropriately empowered officials of foreign countries to issue any letters patent granted on any of said applications to Assignee as owner of the entire right, title, and interest in and to the same.
