## ASSIGNMENT

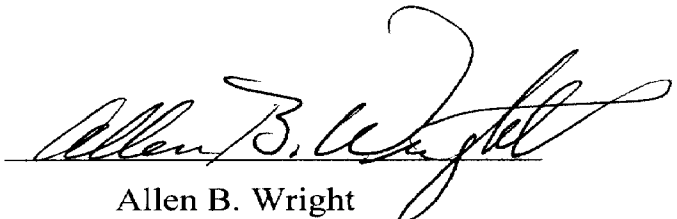

WHEREAS, I, Allen B. Wright, resident of 3579 Barbary Bluff, Hope Mills, North Carolina 28348, have invented certain new and useful improvements in an INCREASED SURFACE AREA HYDROCARBON ADSORBER as fully set forth and described in my application for United States Letters Patent.

WHEREAS, Arvin Technologies, Inc., a corporation of the State of Michigan, of 2135 West Maple Road, Troy, Michigan 48084, is desirous of acquiring my entire right, title and interest in and to the said invention, and in and to Letters Patent of the United States and of any and all foreign countries which may issue therefor;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, I have assigned, sold and transferred and do hereby assign, sell and transfer unto said Arvin Technologies, Inc., all of my right, title and interest in and to the aforesaid invention and in and to said application and any Letters Patent of the United States and of any and all foreign countries which may issue therefor, including all Letters Patent issuing upon any continuation, division, renewal or revival of the aforesaid patent and any reissue patent for the aforesaid invention, the same to be held and enjoyed by said Arvin Technologies, Inc. for its own use and behalf, to the full end of the term for which said Letters Patent may be granted, as fully and entirely as the same would have been held and enjoyed by me had this assignment and sale not been made.

I hereby promise and agree, upon request, to execute all papers and all assignments necessary for the procurement of the United States and foreign Letters Patent and all assignments necessary to convey the legal title thereof to said Arvin Technologies, Inc. I hereby further promise and agree to perform all rightful acts that may be necessary and permissible in any interference proceeding or legal action in which said invention, patent application or Letters Patent may become involved, for the purpose of proving the facts relating to our conception, development and completion of the aforesaid invention.
