ASSIGNMENT

WHEREAS, I, Valery G. Shver of 9980 Timberstone Road, Alpharetta, Georgia 30022, U.S.A., have invented new and useful improvements in a "Mounting arrangement for auxiliary burner or lance" (the "Invention") for which a U.S. patent application was filed on July 10, 2001, having Serial No. 09/902,139 (the "Patent Application"), which issued as U.S. Patent No. 6,614,831 issued on September 2, 2003 (the "Patent"); and

WHEREAS, Process Technology International, Inc. having a business address of 1940 Forge Street, Tucker, Georgia 30084, U.S.A., a Georgia corporation, is desirous of acquiring the entire right, title, and interest in and to the Invention and the Patent Application including all rights to sue for past or future infringement of the Patent or any other patent that may issue with a direct or indirect claim for priority to the Patent Application;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I, Valery G. Shver hereby do sell, assign and transfer unto Process Technology International, Inc. the entire right, title and interest in and to the Invention and Patent Application throughout the world, including, without limitation, (1) any Patent which may issue as a result of the Patent Application, (2) all patent applications claiming priority to the Patent Application including any reissue, reexamination, division, continuation-in-part, extension or continuation of the Patent Application ("related Applications"), and (3) all rights of priority under the International Convention arising from the Patent Application; such that the Process Technology International, Inc. including its legal representatives and assigns, owns all these interests as fully and entirely as those interests would have been owned by me had I not executed this Assignment;

AND, I hereby bind myself, my heirs, legal representatives, administrators and assigns properly to execute without further consideration any and all applications, petitions, oaths and

assignments or other papers and instruments which may be necessary in order to carry into full force and effect, the sale, assignment, transfer and conveyance hereby made or intended to be made and generally do everything reasonably possible to aid Process Technology International, Inc. or its legal representatives and assigns to obtain and enforce proper protection for the invention in all countries throughout the world.

AND, this Assignment represents the entire agreement between Valery G. Shver and Process Technology International, Inc. in connection with the Invention and neither I nor Process Technology International, Inc. has any obligation to the other not set forth in this Assignment. The parties can only modify this Assignment in a writing signed by both parties that refers to this Assignment. The parties have jointly written, negotiated, and executed this Assignment in DeKalb County, Georgia and therefore intend that it not be interpreted against the party originating or preparing it. This Assignment shall be interpreted and enforced under the laws of the State of Georgia without giving effect to its conflicts of law principles.

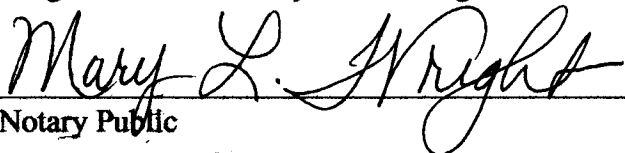

IN WITNESS WHEREOF, I have executed this Assignment on this 5th day of December, 2003.

Valery G. Shver (L.S.)

State of Georgia
