PATENT
REEL: 014227 FRAME: 0152

ASSIGNMENT

I, **TRECIL D. DREILING**, of Auburn, King County, Washington, have invented with Charles W. Clendening, Jr., William D. English, and Martin H. Mach new and useful improvements entitled *GAS GENERATING SYSTEM FOR CHEMICAL LASERS*, described and claimed in the specification forming part of my application for letters patent of the United States of America. I execute this Assignment to The Boeing Company, a corporation of the State of Delaware, having its principal place of business at Seattle, King County, Washington, at the same time that I execute the application..

In consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt of which is acknowledged, I sell, assign, and transfer to **The Boeing Company** my full and exclusive right, title, and interest in and to the invention described in the identified application for the United States of America and all foreign countries, including the right to apply for patents, or inventor's certificates in the name of The Boeing Company in foreign countries, and in and to the application for letters patent of the United States of America. The Boeing Company shall hold my interest in the invention as an assignee for the use and benefit of itself and of its successors and assigns as fully and entirely as I would have held and enjoyed my interest in the invention had this assignment and sale not been made.
