WHEREAS, ROYCE MEDICAL COMPANY, dba Royce Medical Products, a corporation organized and existing under the laws of the State of California, having a place of business at 742 Pancho Road, Camarillo, California 93012, the ASSIGNEE herein, desires to acquire the entire right, title and interest in and to said inventions, applications and Letters Patent granted and issued thereon;

WHEREAS we, the said Assignors previously executed an assignment of this invention and related patent rights to "Royce Medical Products", which is recorded in the records of the U.S. Patent Office at Reel 011941, Frame 0182. We, the said Assignors, are contractually obligated to assign the above-identified invention and patent rights to ROYCE MEDICAL COMPANY, dba ROYCE MEDICAL PRODUCTS, and it was our intention to do so by the prior assignment referenced hereinabove, in which "ROYCE MEDICAL PRODUCTS" was incorrectly identified as the corporate assignee.

NOW, THEREFORE, for and in consideration of the sum of One Dollar (\$1.00) by the ASSIGNEE to each of us paid, and other valuable consideration, the receipt and legal sufficiency of all of which is hereby acknowledged, we, the said ASSIGNORS, have sold and do hereby sell, assign, transfer and set over unto said ASSIGNEE, its successors and assigns, the entire right, title and interest in and to said inventions and all improvements thereon, in and to said application for Letters Patent thereon, in and to applications pertaining to or based upon said inventions and applications, including divisional and continuing applications and continuations-in-part, and in and to any and all Letters Patent which may be granted and issued on said inventions and applications, or any of them, not only for, to and in the United States of America, its territories and possessions, but for, to and in all countries foreign thereto, together with and including all priority rights based upon any and all applications in the United States of America covered by this Assignment.

And for the above-named considerations, we do hereby agree that we will, at the request of said ASSIGNEE, execute any and all applications for Letters Patent for said inventions and any and all other papers and documents and do all other and further lawful acts that said ASSIGNEE may deem necessary or desirable to obtain Letters Patent on said inventions, to secure the grant of such Letters Patent and to perfect and vest in the ASSIGNEE the entire right, title and interest in the inventions, applications and Letters Patent.

Docket No. 480032-314

And for the above-named considerations, we do hereby authorize and empower the ASSIGNEE, its successors and assigns, to apply for and obtain, in its or their own names, Letters Patent for the said inventions before competent International Authorities and in any and all countries foreign to the United States in which applications for Letters Patent can be so made or Letters Patent so obtained.
