## ASSIGNMENT

Serial No: 08/765,758

Issued: June 20, 2000 as U.S. Patent No. 6,077,832

Title: Antiviral Benzimidazole Nucleoside Analogues and a Method for Their Preparation

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby assign to the Regents of the University of Michigan, a constitutional corporation of the State of Michigan, its successors and assigns (hereinafter "assignee"), their entire right, title and interest in **United States Patent No. 6,077,832**, including any foreign counterpart applications and/or patents, the invention of the undersigned disclosed therein, and any other U.S. and foreign applications or patents on said invention, including any reissues, reexaminations, divisionals or extensions of any of the foregoing.

The undersigned warrant themselves to be the owners of the interests herein assigned and to have the right to make this assignment and further warrant that there are no outstanding prior assignments, licenses, or other rights in the interests herein assigned.

For said consideration the undersigned hereby agree, upon the request and at the expense of said assignee, to execute any documents relating to the above, including any necessary oath or affidavit relating thereto, any such application for the reissue or extension of any such Letters Patent, and any such application and other documents for Letters Patent in foreign countries, that said assignee may deem necessary or expedient. The undersigned hereby agree to perform any and all affirmative acts to obtain and/or retain in the name of said assignee the rights granted herein.

This Assignment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which shall constitute one and the same instrument.

WITNESS my hand this 15<sup>th</sup> day of January, 2004.
