### ASSIGNMENT

WHEREAS, we, the undersigned, have invented a new and useful improvement in "COMPOSITIONS & METHODS FOR THE PREVENTION & TREATMENT OF CEREBRAL ISCHEMIA" ("Invention") for which we have made application for Letters Patent of the United States of America, and for which we have executed said application designated as "0109-UTL" bearing Serial No. 10/020,450 and filed said application in the United States Patent and Trademark Office on December 14, 2001 ("Application");

AND WHEREAS, Galileo Pharmaceuticals Inc., having an address at 5301 Patrick Henry Drive, Santa Clara, California 95054 ("Galileo Pharmaceuticals") desires to perfect its right to the Invention, the Application, and the Letters Patent(s) to be obtained therefore from the United States of America and all countries foreign thereto;

NOW, THEREFORE, in furtherance of my obligations as an employee of Galileo Pharmaceuticals and in exchange for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, I do hereby sell, assign and transfer to Galileo Pharmaceuticals, its successors, assignees and legal representatives, the entire right, title and interest in the United States and in all foreign countries, including all rights to claim priority, in and to:

- (1) the Invention in the United States and in all countries throughout the world,
- (2) the Application and any and all continuation, divisional, continuation-in-part, renewal, substitute, reissue, or foreign application(s) thereof which have been or may be subsequently filed, in the United States and/or in any an all other countries foreign thereto, on the Invention,
- (3) any and all patent(s), including any reissue, reexamination, or extension thereof, which may be issued in the United States or in any foreign country on the Invention;
- (4) and specifically including the right to file foreign application(s) under the provisions of any and all conventions or treaties and claim priority based on the Application in the United States

AND I hereby represent, warrant, and covenant that I have full right to convey the entire interest herein assigned, and that I have not executed and shall not execute any agreement in conflict herewith, and that I have not and shall not assign or grant to third parties the rights and property herein conveyed to Galileo Pharmaceuticals, nor mortgage, license, or encumber the rights and property herein conveyed to Galileo Pharmaceuticals;

AND I agree to communicate to Galileo Pharmaceuticals, or to its designee, any and all known facts respecting the Invention, said application(s), and said Letters Patent(s), to cooperate, assist and participate in any and administrative or legal proceedings, to sign any and all lawful papers, to execute any and all disclaimers and divisional, continuation, continuation-in-part, reissue, and foreign applications, to make any and all rightful oaths, declarations, and powers of attorney, and generally to do everything reasonably possible to aid Galileo Pharmaceuticals, its successors, assigns and legal representatives to obtain, maintain, and enforce, for its own benefit, appropriate patent protection for the Invention in any and all countries, provided the expenses which may be incurred by me in providing such cooperation, assistance and participation are paid by Galileo Pharmaceuticals;

AND I hereby authorize and request the Commissioner of Patent and Trademarks for the United States and any official of any country or countries foreign to the United States whose duty is to issue patents on said application(s), to issue to Galileo Pharmaceuticals, as assignee of the entire right, title and interest, any and all Letters Patent(s) of the United States or countries foreign thereto which may be issued and granted on said Invention or said application(s).
