This Amended and Restated Contingent Patent, Trademark and License Assignment ("Assignment") is made by THE TRANZONIC COMPANIES, an Ohio corporation having its principal office at 30195 Chagrin Boulevard, Pepper Pike, Ohio 44124 ("Assignor"), in favor of NATIONAL CITY BANK, a national banking association having its lending office at 1900 East Ninth Street, Cleveland, Ohio 44114, as agent (in that capacity, "Administrative Agent") for the benefit of Banks (defined below) for the purposes of this Assignment, the Credit Agreement (defined below) and the other Related Writings.

INTRODUCTION:

WHEREAS, A. Assignor, CCP Industries, Inc., Administrative Agent and the banking institutions named in Schedule I of the Credit Agreement (collectively, "Banks", and individually, "Bank") are parties to a Credit and Security Agreement dated February 5, 1998, as amended and restated by the Amended and Restated Credit and Security Agreement of even date herewith (that Amended and Restated Credit and Security Agreement, as the same may be amended or amended and restated from time to time, the "Credit Agreement") and setting forth, among other things, the terms and conditions of Banks' respective commitments (each commitment, a "Subject Commitment") aggregating Seventy-Five Million Dollars (\$75,000,000), which amount shall be available to Assignor pursuant to the terms and conditions of the Credit Agreement

(ii) the goodwill of Assignor's business including but not by way of limitation such goodwill connected with and symbolized by the Trademarks.

4. Restrictions on Future Assignments. Assignor agrees that until the Debt shall have been satisfied in full and the Credit Agreement shall have been terminated, Assignor will not, without Administrative Agent's prior written consent, enter into any agreement relating to the Patents, Trademarks or Licenses (for example, a license agreement) and Assignor further agrees that it will not take any action, or permit any action to be taken by others subject to its control, including licensees, or fail to take any action which would affect the validity or enforcement of the rights transferred to Administrative Agent under this Assignment.

5. New Patents, Trademarks, and Licenses. Assignor represents and warrants that the Patents, Trademarks and Licenses listed on Schedules A, B and C, respectively, constitute all of the patents, service marks, trademarks, applications and licenses owned by Assignor on the Closing Date. If, before the Debt shall have been satisfied in full, Assignor shall (i) obtain rights to any new patentable inventions, trademarks, trademark registrations, trade names, service marks, service mark registrations, service names, or licenses, or (ii) become entitled to the benefit of any patent, service mark or trademark application, service mark, service mark registration, trademark, trademark registration, or license renewal, or patent for any reissue, division, continuation, renewal, extension, or continuation-in-part of any Patent or any improvement on any Patent, the provisions of this Assignment shall automatically apply thereto and Assignor shall give to Administrative Agent prompt written notice thereof. Assignor hereby authorizes Administrative Agent as attorney in fact to modify this Assignment by amending Schedules A, B and/or C, as applicable, to include any future patents, patent applications, service marks, service mark registrations, service mark applications, service names, trademarks, trademark registrations, trademark applications, trade names and licenses which are Patents, Trademarks or Licenses, as applicable, under Paragraphs 2 and 3 above or under this Paragraph 5, and to file or refile this Assignment with the United States Patent and Trademark Office.

(ii) Each of the Patents and Trademarks is valid and enforceable;

(iii) Assignor is the owner of the Patents and Trademarks and has the power and authority to make, and will continue to have authority to perform, this Assignment according to its terms;

(iv) This Assignment does not violate and is not in contravention of any other agreement to which Assignor is a party or any judgment or decree by which Assignor is bound and does not require any consent under any other agreement to which Assignor is a party or by which Assignor is bound. Assignor hereby authorizes the Commissioner of Patents and Trademarks to issue any and all Patents on said inventions and any and all certificates of registration on all Trademarks to Administrative Agent as assignee of Assignor's entire interest;

(v) There has been no prior sale, pledge, encumbrance, assignment or other transfer or disposition of any of the Patents, Trademarks or Licenses or any part thereof and the same are free from all liens, charges and encumbrances of any kind, including but not limited to licenses, shop rights and covenants not to sue third persons, other than Permitted Liens; and

(vi) The Licenses are valid and binding agreements enforceable according to their terms. Each of the Licenses is in full force and effect and has not been amended or abrogated and there is no default under any of the Licenses.

7. Royalties; Terms. Assignor hereby agrees that the use by Administrative Agent of all Patents, Trademarks and Licenses as described above shall be worldwide and without any liability for royalties or other related charges from Administrative Agent to the Assignor. The term of the assignments granted herein shall extend until the earlier of (i) the expiration of each of the respective Patents, Trademarks and Licenses assigned hereunder, or (ii) the Debt has been paid in full and the Credit Agreement has been terminated.

8. Grant of License to Assignor. Unless and until an Event of Default shall have occurred, Administrative Agent hereby grants to Assignor a nontransferable right and license to use the Trademarks, to exercise Administrative Agent's rights under the Licenses, and to make, have made, use and sell the inventions disclosed and claimed in the Patents for Assignor's own benefit and account and for none other. Assignor agrees not to sell or assign its interest in, or grant any sublicense under, the license granted to Assignor in this Paragraph 8, without the prior written consent of Administrative Agent. From and after the occurrence of an Event of Default and during the continuance of, Assignor's license with respect to Patents, Trademarks and Licenses as set forth in this Paragraph 8 shall terminate forthwith, and Administrative Agent shall have, in addition to all other rights and remedies given it by this Assignment, those allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Patents, Trademarks or Licenses may be located, including, but not by way of limitation, the location of Administrative Agent's headquarters.

9. Reassignment to Assignor. Upon payment in full of the Debt and termination of the Credit Agreement, Administrative Agent shall execute and deliver to Assignor all assignments and other instruments as may be necessary or proper to re-vest in Assignor full title to the Patents, Trademarks and Licenses, subject to any disposition thereof which may have been made by Administrative Agent pursuant hereto or pursuant to the Credit Agreement.

10. Duties of Assignor. Assignor shall have the duty to (i) prosecute diligently any patent application of the Patents made by it and any trademark or service mark application of the Trademarks made by it pending as of the date hereof or thereafter until the Debt shall have been paid in full, (ii) make application on unpatented but patentable material inventions and on material trademarks and material service marks, as appropriate, and (iii) preserve and maintain all of its rights in patent applications and patents of the Patents and in trademark applications, trademarks, trademark registrations, service mark applications, service marks, and service mark registrations of the Trademarks. Any expenses incurred in connection with such applications shall be borne by Assignor. Assignor shall not abandon any right to file a Patent application or Trademark application, or any pending Patent application, Trademark application, Patent, nor Trademark without the consent of Administrative Agent.

11. Financing Statements, Documents. At the request of Administrative Agent, Assignor will join with Administrative Agent in executing one or more financing statements pursuant to the Ohio version of the Uniform Commercial Code in form satisfactory to Administrative Agent and will pay the costs of filing and/or recording this Assignment and all financing, continuation and termination statements in all public offices where filing or recording is deemed necessary or desirable by Administrative Agent. Assignor will execute and deliver to Administrative Agent from time to time such supplemental assignments or other instruments, including, but not by way of limitation, additional assignments to be filed with the United States Patent and Trademark Office, as Administrative Agent may require for the purpose of confirming Administrative Agent's interest in the Patents, Trademarks and Licenses.

12. Administrative Agent's Right to Sue. Administrative Agent shall have the same rights, if any, as Assignor has, but shall in no way be obligated, to bring suit in its own name to enforce the Licenses and the Patents and Trademarks, and any licenses thereunder, and, if Administrative Agent shall commence any such suit, Assignor shall, at the request of Administrative Agent, do any and all lawful acts and execute any and all proper documents required by Administrative Agent in aid of such enforcement and Assignor shall promptly, upon demand and as a part of the Debt, reimburse and indemnify Administrative Agent for all costs and expenses incurred by Administrative Agent in the exercise of its rights under this Paragraph 12.

13. Waivers. No course of dealing between Assignor and Administrative Agent nor any failure to exercise nor any delay in exercising, on the part of Administrative Agent, any right, power or privilege hereunder or under the Credit Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

14. Severability. The provisions of this Assignment are severable, and if any clause or provision shall be held invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Assignment in any jurisdiction.

15. Modification. This Assignment cannot be altered, amended or modified in any way, except as specifically provided in Paragraph 5 hereof or by a writing signed by the parties hereto.

16. Cumulative Remedies; Effect on Credit Agreement. All of Administrative Agent's rights and remedies with respect to the Patents, Trademarks and Licenses, whether established hereby or by the Credit Agreement, or by any other agreements or by law shall be cumulative and may be exercised singularly or concurrently. Assignor acknowledges and agrees that this Assignment is not intended to limit or restrict in any way the rights and remedies of Administrative Agent under the Credit Agreement but rather is intended to facilitate the exercise of such rights and remedies.

17. Binding Effect; Benefits. This Assignment shall be binding upon the Assignor and its respective successors and assigns, and shall inure to the benefit of Administrative Agent, its successors and assigns.

18. Governing Law. This Assignment has been delivered and accepted in Cleveland, Ohio, and shall be governed by and construed in accordance with the local laws of the State of Ohio.
