ASSIGNMENT OF PATENT RIGHTS

THIS ASSIGNMENT document is between and among James L. Barlow, whose address is: 5625 Cornerstone Drive, Fort Collins, Colorado 80528 ("Assignor") and Barlow Projects, Inc., having its principal office at: 2000 Vermont Drive, Suite 200, Fort Collins, Colorado 80528 (the "Assignee").

WHEREAS, the Assignor has conceived or developed technology relating to a mass fuel combustion system and an incinerator grate assembly, including, but not limited to, the technology described or indicated in the application identified by the caption listed above, and also including for the purpose of this assignment those improvements which are related to the subject matter of such technology to the extent conceived or developed during the time serving as a consultant or employee of the Assignee, and improvements related to such technology which are identified, developed, or conceived using trade secret or confidential information of the Assignee or which are likely to cause disclosure of such trade secret or confidential information (the "Inventions");

WHEREAS, the Assignor, either by himself or in conjunction with other individuals, may be the inventor of the Inventions;

WHEREAS, the Assignor desires to formalize his assignment of all right, title and interest to the Inventions to Assignee to the extent he has any such rights worldwide; and

NOW, THEREFORE, for US \$10.00 or other good and valuable consideration, receipt of which is hereby acknowledged, each of the undersigned hereby agree as follows:

1. The Assignor warrants that:

- a. he has the authority to assign all right, title, and interest originated now or hereafter by him involving the Inventions;
- b. he has conveyed no right, title, or interest in the Inventions to any party other than the Assignee; and
- c. to the extent the Assignor conducted any efforts relevant to the ownership of all rights to the Inventions under, on behalf of, or through any entity or assumed name, he has the authority to act as agent for such an entity and to fully transfer such rights.

2. The Assignor, for good and valuable consideration, hereby sells, grants, transfers, authorizes application for, agrees to support, and assigns to the Assignee the entire right, title, and interest in and to the Inventions, including, but not limited to all such worldwide rights to make, use, and sell the Inventions;

3. The Assignor grants the firm of Santangelo Law Offices, P.C., the power to insert on this Assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent Office or any foreign patent office for recordation of this document, including, but not limited to, inserting the application number, the execution date, or the filing date of the above-identified United States Patent Application based upon the Inventions.

4. This assignment shall be binding on all parties, their heirs, executors, administrators, successors, or assigns, and may be recorded in the United States Patent and Trademark Office or elsewhere. In the event any provision of this Agreement is found to be unenforceable or to be unreasonable in scope, such provision shall be modified to the extent necessary to make it enforceable, and as so modified, this Agreement shall remain in full force and effect.
