ASSIGNMENT OF PATENT ASSETS

WHEREAS, Joe Alfred Young, an individual ("Assignor") is the assignor hereunder of the patent listed on Appendix A to this Assignment ("Patent Assets"); and

WHEREAS, Dutch, Inc., ("Assignee"), a Louisiana corporation, is the assignee hereunder of the Patent Assets; and

WHEREAS, in furtherance of an agreement titled "Purchase Agreement" executed by the parties on December 19, 2003 and becoming effective on December 19, 2003 (the "Agreement"), Assignor is obligated to convey, transfer, assign and deliver to Assignee all of his legal right, title and interest in the Patent Assets in accordance with Sections 3(k)(vi)(G) and 4(j), and Schedule 3(k) of the Agreement;

NOW, THEREFORE, in further consideration of the Purchase Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby sells, assigns, and transfers to Assignee, all of his respective right, title and interest in and to the Patent Assets and all patents which may be granted therefor, and all divisions, reissues, re-examination, continuations, continuations-in-part and extensions thereof.

Assignor further assigns to Assignee, all of his respective right, title and interest throughout the world in and to all inventions disclosed or claimed in the Patent Assets, including the right to file applications and obtain patents, utility models, industrial models and designs for said inventions in Assignee's own name throughout the world, and further including all rights to publish cautionary notices reserving ownership of said inventions, and all rights to register said inventions in appropriate registries. Assignor further agrees to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee. Assignor hereby authorizes and requests all competent patent-granting authorities to issue all patents for said inventions, or patents resulting therefrom, insofar as their interest is concerned, to Assignee. Assignor hereby assigns to Assignee, insofar as his interest is concerned, all rights to seek re-examination or re-issue of any of the foresaid patents and patent applications as Assignee may, in its sole and exclusive discretion, see fit to file.

Assignor further assigns to Assignee, insofar as his interest is concerned, all rights of priority associated with the Patent Assets and the inventions disclosed or claimed therein.

Assignor further assigns to Assignee, insofar as his interest is concerned, all rights to sue for infringement of any of the foresaid patents and patent applications and the inventions disclosed or claimed therein, and to receive all relief therefrom, including all monetary and injunctive relief. Assignor agrees to testify in any legal proceedings, sign all lawful papers and subsequent patent applications, make lawful oaths and declarations, and generally do everything possible to vest title in Assignee and to aid Assignee to obtain and enforce proper protection for any of the foregoing assigned rights and interests in all countries.

This Assignment shall be effective as of December 19, 2003, notwithstanding the dates of signatures below. This Assignment shall be binding on the parties' successors, assigns and legal representatives.
