

GLOBAL GENERAL ASSIGNMENT

WHEREAS I/we, CTRC research Foundation, a 501 (c)(3) Texas Corporation, of Bexar County, State of Texas, owns the rights to a certain invention as set forth in a patent application (including industrial designs and utility models) entitled **COMPOUNDS AND METHODS FOR USE THEREOF IN THE TREATMENT OF CANCER OR VIRAL INFECTIONS**, Attorney's Docket No. 6643R7 and filed in the United States Patent Office as Number 09/676,030, on **September 29, 2000** (the hereinafter named assignee being authorized to insert said Number and filing date when ascertained):

**CTRC RESEARCH FOUNDATION of San Antonio, County of Bexar, State of Texas**

Whereas James Clarence Quada, Jr. and Joseph Kofi Agyin made said invention set forth in said patent application while employed by, or otherwise under an obligation to assign said invention to the CTRC Research Foundation or one of its Affiliates, and whereas CTRC Research Foundation or the Affiliate acknowledge its obligation at the time the invention was made to assign said invention to The Procter & Gamble Company. Pursuant to said obligation and (in the case of employment by or obligation to the Affiliate) at the request of the Affiliate, CTRC Research Foundation or the Affiliate assigns to The Procter & Gamble Company, its legal representatives, successors and assigns, the entire right, title and interest (including the right to claim priority of the filing date of said patent application under international conventions) in said invention as set forth in said patent application, and in all patents of the United States and of any other country which may be issued for said invention, as fully and completely as the same would have been held by me/us had this assignment not been made. The entire right, title and interest shall vest irrevocably in The Procter & Gamble Company. CTRC Research Foundation further agrees upon request, without additional compensation but at no expense to CTRC Research Foundation, to execute or assent to applications, and to execute all other legal documents as may be necessary or desirable to vest the enjoyment of the rights assigned to The Procter & Gamble Company, its legal representatives, successors and assigns, or as said Company may direct.

CTRC Research Foundation requests the Commissioner of Patents and Trademarks to issue any Letters Patent of the United States which may be issued for said invention herein assigned and as set forth in U. S. Application Serial Number 09/670,170 (the hereinafter named assignee being authorized to insert said U.S. Serial Number when ascertained) to The Procter & Gamble Company, its legal representatives, successors or assigns, as the sole owner of the entire right, title, and interest in said patent and the invention and the invention covered thereby.

The ASSIGNMENT of said invention is effective as of the earlier of 1) the date of execution shown below or 2) the filing date of said patent application.
