ASSIGNMENT OF PATENT APPLICATION

In consideration of the sum of one dollar (\$1.00) and other good and valuable considerations paid to the undersigned, DIEGO GIANCOLA of 8c Willis Road Cambridge CB1 2AQ UNITED KINGDOM (hereinafter referred to as the Inventor), the Inventor agrees to assign, and hereby does assign, transfer and set over to UBINETICS LIMITED, a limited liability company registered in England with company number 03650692, with registered offices at 123 Buckingham Palace Road London SW1W 9SR UNITED KINGDOM (hereinafter referred to as the Assignee) the Inventor's entire right, title and interest for the United States, its territories, dependencies and possessions in the invention, and all application for patent and any Letters Patent which may be granted therefore, known as **Method and Apparatus for Estimating the Phase of a Signal** for which the Inventor has executed on even date herewith an application for patent in the United States of America or, if not on even date, then has already filed as International Patent Application no. PCT/GB01/05095 filed on 19 November 2001 .

The Inventor acknowledges an obligation of assignment of this invention to said Assignee at the time the invention was made.

The Inventor agrees to execute all papers and documents necessary in connection with the application or any interference which may be declared and any continuing or divisional applications thereof and also to execute separate assignments in connection with such applications as the Assignee may deem necessary or expedient and further to perform any act which may be necessary in connection with claims or provisions of the International Convention for Protection of Industrial Property or similar agreements.

The Inventor agrees to perform all affirmative acts which may be necessary to obtain a grant of a valid United States patent to the Assignee.

The Inventor hereby authorises and requests the Commissioner of Patents to issue any and all Letters patent of the United States resulting from said application or any division or divisions or continuing applications thereof to the said Assignee, as Assignee of the entire interest, and hereby covenants that he has full right to convey the entire interest herein assigned, and that he has not executed, and will not execute, any agreement in conflict herewith.

The Inventor hereby grants the firm Kilpatrick Stockton LLP the power to insert on this assignment any further identification which may be necessary or desirable in order to comply with the rules of the United States Patent Office for recordation of this document. It is understood and agreed that the Assignee's attorneys Kilpatrick Stockton LLP have represented only the Assignee and will continue to represent only the Assignee with respect to this invention.

In witness whereof, executed by the undersigned on the date opposite the undersigned signature of the Inventor:

This 30 day of Aug, 2002 by Diego Giancola (Signature of the Inventor).

Witnessed by: Oliver Spence this 30 day of August, 2002; and
