Exhibit A

PATENT ASSIGNMENT

For good and valuable consideration, Natural Science, Inc., a Florida corporation, with a principal business office at 5425 S. Semoran Blvd, Suite A-3 Orlando, Florida 32822 (hereinafter referred to as "Assignor") hereby sells, assigns and transfers to Advanced BodyCare Solutions, LLC, a Delaware limited liability company, with a principal business office at 9665 Tradeport Drive, Orlando, FL 32827 (together with its successors, assigns and legal representatives, hereinafter referred to as "Assignee"), the entire right, title and interest, in and for the United States and all foreign countries, in and to any and all inventions which are disclosed in the application for United States Letters Patent No.09/789,294, dated 2/20/2001, and entitled "Compositions and Methods for Treating Baldness" (the "Application").

Assignor hereby further grants to Assignee the entire, right, title and interest (a) in and to said Application and all divisional, continuing, substitute, renewal, reissue, and all other applications for Letters Patent which have been or shall be filed in the United States and all foreign countries on any of said inventions; and (b) in and to all original and reissued patents which have been or shall be filed in the United States and all foreign countries on said inventions.

Assignor agrees that Assignee may apply for and receive Letters Patent for said inventions in its own name.

Assignor agrees that, at the request of Assignee and, without charge to but, except as otherwise agreed to in writing by Assignor and Assignee, at the expense of Assignee, Assignor will (a) carry out in good faith the intent and purpose of this Assignment; (b) execute all divisional, continuing, substitute, renewal, reissue, and all other patent applications on any and all said inventions; (c) execute all rightful oaths, assignments, powers of attorney and other papers; (d) communicate to Assignee, all facts known to Assignor relating to said inventions and the history thereof; and (e) generally do everything possible which Assignee shall consider desirable for aiding in securing and maintaining proper patent protection for said inventions and for vesting title to said inventions, and all applications for patents and all patents on inventions in Assignee.

Assignor represents and warrant to Assignee that no assignment, grant, mortgage, license or other agreement affecting the rights and property herein conveyed has been made to others by the undersigned, and that full right to convey the same as herein expressed is possessed by the undersigned.

Executed under seal this 25th day of March, 2002.
