ASSIGNMENT OF WORLDWIDE RIGHT, TITLE AND INTEREST

WHEREAS, I,

Darryl Curley
a citizen of Canada
Whose postal address is
80 Finnermore Street
Oromocto, New Brunswick E2V 2K2
CANADA

have jointly, along with others, invented an Invention comprising certain new and useful improvements in

CORRECTIVE ADJUSTMENT OF RECORDING CHARACTERISTICS IN DIGITAL RENDITIONS OF ANALOG RECORDINGS

that is described in a Patent Application that was filed in October 6, 2003, Application number PCT/US03/31771, in accordance with the Patent Cooperation Treaty;

and

WHEREAS,

James R. Howarth
Whose postal address is
58 Miacomet Avenue
Nantucket, MA 02554

(hereinafter referred to as the "Assignee"), is desirous of acquiring my entire right, title, and interest in and to said Invention, and in and to any Letters Patent that may be granted therefore;

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and of other good and valuable considerations, receipt of which is hereby acknowledged by me, I, intending to be legally bound, do hereby acknowledge that I have sold, assigned, and transferred to the Assignee and Assignee's legal representatives my entire right, title and interest together with all rights of priority, in said Invention, as described and/or claimed in said application for United States patent and any and all applications for Letters Patent, in any country or jurisdiction, based in whole or in part thereon, including divisions, continuations and continuations-in-part thereof as well as all foreign counterparts and all applications containing disclosure in common therewith, together with all Letters Patent in any country or jurisdiction arising from any of the aforesaid applications,

as well as any and all reissues and reexaminations thereof, the same to be held and enjoyed by Assignee, his successors and assigns, to the full ends of the terms of all said Letters Patent therefore which may be granted.

I hereby authorize and request the Patent Office officials in the United States and all foreign countries or jurisdictions to issue any and all of said Letters Patent, when granted, to Assignee, as the Assignee of my entire right, title and interest in and to the same, for the sole use and behoof of Assignee, his successors and assigns. I hereby authorize the Assignee to make application for and to receive Letters Patent for said invention in any countries or jurisdictions in his own name, or in our joint names, at his election.

Further, I hereby agree to communicate to Assignee, or his representatives, any facts known to me respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuation, continuation-in-part, substitution, renewal, reissue and related United States and foreign applications and declarations relating thereto, execute all necessary claims of priority and assignment papers to cause any and all of said Letters Patent to be issued to said Assignee, make all rightful oaths, and generally to do everything possible to aid Assignee, his successors and assigns, to obtain and enforce protection for said invention in the United States and in any and all foreign countries or jurisdictions at the cost of the Assignee, such cost to include all reasonable travel and accommodation expenses, and professional fees at the relevant rates prescribed by the New Brunswick Association of Professional Engineers and Geoscientists. To the best of my knowledge and belief, the rights and property herein conveyed by me are free and clear of any encumbrances.

To facilitate the completion in my absence of formal papers referred to in the preceding paragraph, I hereby grant a special power of attorney to the Assignee, or his successor-in-interest limited specifically to the authorization to sign any true and lawful document relating to any such international or foreign patent application in the capacity of attorney-in-fact for me.

I hereby authorize Gerry J. Elman, Registration No. 24,404 of the firm Elman Technology Law, P.C. to correct errors in this Assignment document and to insert any further identification or information necessary or desirable to make this Assignment recordable in the United States Patent and Trademark Office, or elsewhere.

If any provision of this document should be found invalid or unenforceable under relevant law, such provision shall be deemed excluded and redacted herefrom, and the validity and enforceability of the remaining provisions shall not be affected thereby.
