ASSIGNMENT OF PATENT

U.S. Patent Application Title: Automated Instillation Apparatus and Method

Serial Number: 10/419,325

Filed: 04/18/2003

WHEREAS, I, Robert Davis, resident of the city of Santa Rosa, State of California, have invented a new and useful invention related to an automated fluid instillation apparatus, and more particularly, to an automated apparatus and method of using said automated apparatus for instilling fluids into patients who have undergone an Ace-Malone surgery for which an application has been made for Letters Patent of the United States, the said invention being fully described and identified by the specification and drawings in said application;

WHEREAS, Haleys Pump Company, Inc., a California Corporation, is desirous of acquiring all the rights, title, and interest to said invention and any and all Letters Patent thereon when granted;

NOW, THEREFORE, in consideration of \$10.00 (ten dollars) to me in hand paid, and for other good and valuable consideration, the receipt and sufficiency I hereby acknowledge, I, the above-named inventor, have sold, assigned, and transferred, and hereby, sell, assign, and transfer unto said Haleys Pump Company, Inc., my entire right, title, and interest throughout the world in and to said invention; and in and to each and every improvement thereon; and in and to each and every Letters Patent of the United States and foreign countries that may be granted or issued on said invention and/or improvements; including each and every Letters Patent granted or issued upon any

application which is a division or an application on said invention and/or improvements; and in and to each and every reissue and extension of said Letters Patent, including the subject matter of any and all claims which may be obtained in every such patent;

THE SAME TO BE HELD AND ENJOYED by said Haleys Pump Company, Inc. its successors, assigns, or other legal representatives, for its own use and benefit, and for the use and benefit of its successors, assigns, or other legal representatives, to the end of the term or terms for which said Letters Patent shall or may be granted, issued, reissued, or extended, as fully and completely as the same might or could have been held and enjoyed by me had this assignment not been made.

AND I HEREBY covenant and agree that I will, at any time upon request, execute and deliver any and all instruments that may be necessary or desirable to file or record in respect to said invention and/or improvements and/or Letters Patent to vest the entire right, title, and interest in and to the same in said Haleys Pump Company, Inc., its successors, assigns, and other legal representatives, and if said Haleys Pump Company, Inc., its successors or assigns, desires to secure Letters Patent of any foreign country on said invention and/or improvements, or to secure a reissue of any Letters Patent thereon, or to file a divisional application thereon, or a disclaimer of supplemental oath relating thereto, or to file a preliminary statement of any interference proceeding involving any applion for Letters Patent on said invention and /or improvements thereon or involving Letters Patent granting thereon, I will, upon request, sign all papers, make all rightful oaths, and do all lawful acts requisite for the application for such patent, reissue or extension, and the procuring thereof, and for the filing of any such divisional application

and the procuring of a patent thereon, and for the filing of any such disclaimer, supplemental oath, or preliminary statement, without further compensation, but at the expense of my said assignee, Haleys Pump Company, Inc., its successors, assigns, and other legal representatives;

AND THE COMMISSIONER OF PATENTS AND TRADEMARKS is hereby authorized and requested to issue the United States Letters Patent on my said invention, when granted, unto my said assigns, and other legal representatives, in accordance with this Assignment.

IN WITNESS WHEREOF, I, the above-named inventor have hereunto subscribed my name:

Phil Davis on this 10 day of February, 2004.
