PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT is made from Advanced Therapies, Inc., a California corporation with principal place of business at 317 Bel Marin Keys Blvd., #210, Novato, California 94949 ("Assignor"), to ARYX Therapeutics, a California corporation with principal place of business at 14690 Manuella Road, Los Altos Hills, CA 94022 ("Assignee").

WHEREAS, Assignor desires to assign to Assignee all of Assignor's right, title and interest in and to the patents and patent applications listed on Exhibit A attached hereto (together, the "Patents").

NOW, THEREFORE, in consideration for entering into the Patent Assignment and Technology License Agreement between Assignor and Assignee dated of even date herewith, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby sell, assign, set over and transfer to Assignee all of Assignor's entire right, title and interest in and to the Patents, including any divisions, continuations or reissues thereof, and all rights of priority resulting from the filing in the United States of the Patents, the same to be held and enjoyed by Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the term or terms for which the Patents are or may be granted or reissued as fully and entirely as the same would have been held and enjoyed by the Assignor if this Assignment and sale had not been made; together with all claims for damages by reason of past infringements of the Patents with the right to sue for and collect the same for their own use and benefit, and for the use and on behalf of their successors, assigns and other legal representatives.

Assignor agrees that, on request, it will communicate to Assignee or its representatives or nominees any facts known to it respecting the Patents and the inventions set forth therein, and will testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing and reissue applications, make all rightful oaths and generally do everything possible to aid Assignee, its successors, assigns and nominees to obtain, maintain, and enforce patent protection in any country for the inventions set forth in the Patents.
