PATENT ASSIGNMENT

THIS PATENT ASSIGNMENT is made and executed as of June 10, 2004

WITNESSETH

WHEREAS, Econo-Comm, Inc. with offices at 3733 NW 16th Street Lauderhill, FL 33311 (the "Assignor"), owns all right, title and interest in and to inventions covered by U.S. Patent No. 6,060,979 issued on May 9, 2000 for "Call box apparatus" (the "Patent") free and clear of all liens and encumbrances, and

WHEREAS, CNE Group, Inc., a Delaware corporation, located at 200 West 57th Street, Suite 1103, New York, New York 10019 (the "Assignee"), is desirous of acquiring all of Assignor's right, title and interest in and to the Patent;

NOW, THEREFORE, TO ALL WHOM IT MAY CONCERN, BE IT KNOWN that for consideration of \$100.00, the receipt and adequacy of which is hereby acknowledged, the Assignor hereby assigns to the Assignee, its entire right, title and interest in and to the Patent and the proprietary rights embodied therein, and all reissues and extensions thereof free and clear of all liens and encumbrances, the same to be held and enjoyed by the Assignee for its own use and enjoyment, and for the use and enjoyment of its successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment had not been made; together with the right to sue for, and collect the same for its own use and behalf, and for the use and behalf of its successors, assigns or other legal representatives all claims arising out of past, present or future infringements of the Patent; and all applications for industrial property protection, including, without limitation, all applications for Patent, utility models, and designs which may heretofore have been filed or may hereafter be filed for the inventions covered by the Patent in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States patent applications under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, Patent, utility models and designs which may heretofore have been granted or may hereafter be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof.

The Assignor represents and warrants to and for the benefit of the Assignee that (i) the Assignor is the sole and exclusive owner of the Patent free and clear of all liens and encumbrances; (ii) Assignor has not previously assigned, pledged, encumbered or transferred the Patent, or granted any person or party a license to use the Patent; (iii) the Patent is valid and subsisting; and (iv) the Assignor is not aware of any person or party infringing upon or making unauthorized use of the Patent.
