WHEREAS, Standex is transferring certain business assets involving Jarvis Caster Group businesses to which the above patents relate to COLSON CASTER CORPORATION, INC., a Delaware corporation having a principal place of business at One North Franklin Street, Suite 2420, Chicago, IL 60606 (the "Company"); and

WHEREAS, as a part of said transfer of business assets, Standex desires to transfer to the Company, the above-mentioned patents;

NOW, THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, Standex does hereby transfer, sell and assign unto the Company all of Standex's entire right, title and interest in and to the above listed patents, patent rights, all of the inventions and technology embodied in the United States Patents listed herein and in and to all any and applications for patents, registrations, or inventor's certificates in other countries in the world involving said patents listed herein, including all divisions, reissues, substitutions, extensions, reexaminations and continuations thereof; together with all rights and privileges that Standex has that are granted or secured by the patents or patent applications, registrations or certificates, including without limitation all claims, demands, and rights of action that Standex may have had against others on account of any past infringement of any of the patents, and the right to sue for and obtain all relief to which Standex may have been entitled by reason of any such past infringement, the entire right, title and interest to be held and enjoyed by the Company for its own use and benefit to the full end of the term for which patents, registration, or certificates may be granted, as fully and entirely had this assignment and sale not been made.

AND FURTHER, Standex does hereby assign unto the Company all of Standex's entire right, title and interest in to and all patents that may be granted therefore and all reissues, revivals, refilings, continuations, renewals, reexaminations, and extensions thereof; and in all rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property, including rights of priority resulting from the filing of any of said patent applications and in and to the right of Standex to sue, either at law or equity and to recover for any past or future infringement of the patent listed herein and invention relating thereto.

AND FURTHER, Standex hereby authorizes and requests the United States Commissioner of Patents and Trademarks and all other issuing authorities to issue all Patents on said invention or resulting therefrom to the Company as assignee of the entire interest, and covenants that Standex has the full right to do so, and agrees that Standex will communicate to the Company or its representatives any facts known to it respecting said inventions and testify in any legal proceeding, execute all divisional, continuing and reissue applications and all assignments of said inventions and of the right to apply for Letters Patents therefrom in all countries, make all rightful oaths, sign all other lawful papers and generally do everything reasonably possible to aid the Company, its successors, assigns and nominees, to obtain and enforce proper patent protection for said invention in all countries in the world all at the sole expense of the Company.

AND FURTHER, Standex authorizes any officer of the Company to execute on behalf of Standex all documents necessary for the filing of any such applications including divisional, continuing and reissue applications and all assignments of said inventions and all documents necessary to apply for Letters Patents therefore in all countries including making all rightful oaths, signing all other lawful papers, and generally doing everything reasonable and necessary on behalf

of Standex to obtain and enforce proper patent protection for the Company for said inventions in all counties in the world.

IN WITNESS WHEREOF, Standex has executed this instrument effective the 12th day of November 2003.
