Intellectual Property

means all copyright and rights in the nature of copyright, database rights, design rights, inventions, patents, trademarks, applications for any of the above, moral rights, know-how, confidential information or any other intellectual or industrial property rights, whether or not registered or capable of registration and whether subsisting in the United Kingdom or any other part of the world;

States patent applications, and all United States patent rights claiming priority to the patent rights set out in Schedule 1 (one page) to this agreement (the "Patents") together with all Intellectual Property owned by the Assignor relating to the subject matter of the Patents;

(ii) all Intellectual Property owned by the Assignor relating to the Patents.

(iii) for avoidance of doubt, and notwithstanding anything herein to the contrary, Assigned Intellectual Property being conveyed in this document is limited to United States patent rights and United States intellectual property rights, and no rights are being assigned in patent rights or intellectual property rights in jurisdictions other than the United States.

2 **Assignment**

- 2.1 In consideration of the sum of £1, the receipt of which the Assignor hereby acknowledges the Assignor hereby assigns to the Assignee all the Assigned Intellectual Property, for the residue of their respective terms.
- 2.2 The agreement includes the right for the Assignee to sue for and obtain full and effective relief in respect of every act of infringement of the Assigned Intellectual Property occurring prior to the date of this agreement.

3 **Warranties**

The Assignor warrants and represents that they have not entered into any agreement, arrangement or understanding (whether legally enforceable or not) with any third party for the licensing, assigning or otherwise permitting the use of exploitation of the Assigned Intellectual Property

which prevents, restricts or otherwise inhibits the Assignee's freedom to use and exploit the same, save those certain assignment agreements between Assignor and Assignee dated 15 May, 2002. To the extent there is a conflict between any term or provision of any such agreements and this agreement, then the relevant term or provision of this agreement shall control. For avoidance of doubt, Assignor and Assignee acknowledge that certain rights were assigned in the 15 May, 2002 agreements, and that the assignment contained in this document is incremental thereto; and that termination of the Nettek license referred to in the 15 May, 2002 agreement removed that license as an exception to this paragraph 3.

4 Further Assurance

4.1 The Assignor agrees with the Assignee to execute any further documents (including but not limited to a short-form assignment in the form set out in Schedule 2), perform any further acts and give any assistance, at the Assignee's reasonable expense, as the Assignee may at any time reasonably require properly:

4.1.1 to complete or record the Assignee's title to the Assigned Intellectual Property;

4.1.2 to uphold the Assignee's rights in the Assigned Intellectual Property; and

4.1.3 to defeat any challenge to the validity of, and resolve any questions concerning, the Assigned Intellectual Property.

5 Moral Rights

5.1 The Assignor hereby irrevocably and unconditionally waives any moral rights vested in him in respect of the Assigned Property Rights including, without limitation, the right, if any, to be identified as an author or any materials and the right, if any, not to have any materials subjected to derogatory treatment within the meaning of Chapter IV Part 1 of the Copyright, Design and Patent Act 1988.

5.2 Unless the context requires otherwise, words and expressions that are defined in the Copyright Designs and Patents Act 1988 shall bear the same meanings in this agreement.

6 Statutes

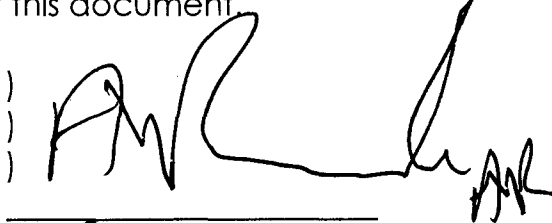

6.1 Any reference in this agreement to any statute or statutory provision shall be construed as referring to that statute or statutory provision as it may from time to time be amended, modified, extended, re-enacted or replaced (whether before or after the date of this agreement) and including all subordinate legislation from time to time made under it.

7 Governing Law

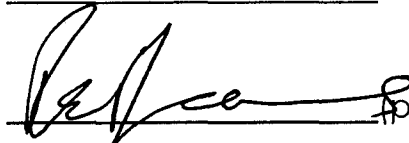

This agreement shall be governed by English Law and the parties agree to submit to the exclusive jurisdiction of the Courts of England and Wales.

Delivered as a deed on the date of this document.
